

Instructions for shareholders, on how to follow the Annual General Meeting through the webcast

A shareholder who is entitled to attend the General Meeting and whose shares are registered in their personal Finnish book-entry account may also follow the meeting remotely.

It is not possible to ask questions, make counterproposals, make other interventions, or vote via webcast. Following the meeting via webcast shall not be considered as participation in the General Meeting or as the exercise of shareholders' rights.

Remote access to the General Meeting will be provided through Inderes Plc virtual general meeting service on the Videosync platform, which includes video and audio access to the General Meeting. Remote access does not require any paid software or downloads.

In addition to an internet connection, remote access requires a computer, smartphone or tablet with speakers or headphones for sound. One of the following browsers is recommended for remote access: Chrome, Firefox, Edge, Safari, or Opera.

It is advisable to log in to the meeting system well in advance of the meeting.

The link and password for following the meeting remotely will be sent by e-mail and/or SMS to the e-mail address and/or mobile phone number provided at the time of registration to all those who have registered for the General Meeting no later than the day before the General Meeting.
