

TELUS Connected Vehicle Portfolio

Track your vehicles.

Always know where your vehicles are with vehicle tracking and trip recording.

Electronic Logging Device Compliance.

Electronic Logging Device automatically records driving time for Hours of Service (HoS) reporting.¹

Driver Monitoring and Vehicle Maintenance.

Keep your vehicles running smoothly with vehicle diagnostics, notifications and speeding alerts.

In-Vehicle Wi-Fi.

Stay connected by turning your vehicle into a Wi-Fi hotspot.

With three Connected Vehicle options, choose the ideal solution for your business.

	TELUS Drive+ (Powered by Mojo)	TELUS Micro Fleet Solutions (Geotab)	TELUS Fleet Solutions (Fleet Complete)

To purchase a TELUS Connected Vehicle solution for your business, contact your sales representative today.

1. ELD functionality upgrade available on Geotab and Fleet Complete units only for an additional cost. 2. TELUS Drive+ is available to small business customers on a 2-year term with a Drive+ Small Business 15 rate plan. 3. For Easy Share and SharePlus customers, 1 GB added to entire shared bucket to be used across all devices. TELUS Drive+ Wi-Fi hotspot uses data from entire shared bucket. Shareable data top ups and standard data overage rates apply. Default pay-per-use rates for using TELUS Drive+ Wi-Fi hotspot data included in monthly rate plan outside Canada are \$7 per 24 hours in the US and \$10 per 24 hours in Mexico. Fee is charged upon first data usage event in the US or Mexico. To avoid roaming charges, customers can turn off their Wi-Fi hotspot in the TELUS Drive+ app. TELUS Drive+ uses minimal data from shared data pool. 4. Geotab HoS solution is \$24/month.
