How it works

- Enjoy easy setup and configuration with full support from the Boulevard team. You'll receive white-glove onboarding as we work with you to link your Boulevard point of sale to your OPERA system.
- Control mapping for services and products purchased in Boulevard to the appropriate Transaction Codes in OPERA.
- Charge any way - guest can charge either the full or partial amount to their room. Should they need a refund, simply process it in Boulevard as usual, and your OPERA system will be updated immediately.

Boulevard offers the first and only Client Experience Platform purpose-built for appointment-based, self-care businesses.
