### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

01. Treasuring Images Film Society (TIFS) 1. Title of the practice: “Treasuring Images Film Society” 2. Objectives: The prime objectives of the film society are to: • Create awareness about world cinema among students • Make students good audience which may help them to make good films • Screen the films related to UG and PG curriculum • Explore social, political, cultural and similar realities depicted in the films • Conduct lectures on films by experts. 3. The Context: The Treasuring Images Film Society is run by Department of English of Vivekanand Arts, S. D. Commerce and Science College since 2006. This film society is affiliated to the Federation of Film Societies of India, and meant for the students who want to study films as an artifact. Any interested student can become a member of the film society by filling up a form and paying a nominal fee of Rs. 100/ per annum. Screening of the Films: The Treasuring Images Film Society has its own collection of more than 500 movies. Before screening, these movies go through a selection process. The screening session usually takes place on selected Saturdays at 2 o'clock in college Function Hall. The screening of the film is followed by discussion on it and even question answer session takes place to clear the doubts in the mind of students. With the teacher's remark, the activity of the day reaches conclusion. 4. Evidence of Success: Since the last twelve years, the activities of The Treasuring Images Film Society are going on successfully. As a result, the students have improved their taste of enjoying cinema. This activity has helped them to study film as an artifact. They are able to understand and recognize the cultural, artistic and technical aspects of the cinema. This understanding spurs their sensibilities as a human being and a cinema lover.

Moreover, the Film Society has inspired our students to undertake their doctoral research on film studies. Best Practice 02 Psychological Counselling: Title of the Practice Psychological Counselling Objectives The main objectives of the Psychological Counselling are to: • Help students in solving their problems. • Provide assistance to the students for knowing their interests, abilities, aptitudes and opportunities better. • Assist the students in choosing their education and professional career. • Promote and create awareness of mental health. • Help students to boost their confidence and do behavioural changes. The Context Life of students is getting complex day by day. Counselling and guidance are needed to overcome the problems of students for optimum achievement and satisfactory adjustment in various life problems. Counselling is a process in which an individual shares his problems with the counsellor and the beneficiary is advised to cope up with his problems. Nowadays, students are facing various difficulties like anxiety, stress, family conflict, unemployment, poverty, and so on. Students are not able to share

their problems with the members of their family or with their friends. All these factors affect their mental health. Considering the gravity of students problems, the Department of Psychology has been running the counselling centre to assist the students since five years. This centre is providing free of cost counselling with active participation of teaching staff. The students from various faculties approach this counselling centre for getting addressed their problems and for their own psychological testing. Till today, many students have been benefited by this facility. Facilities under Counselling Centre 1) Intelligent testing 2) Personality measurement 3) Guidance for improvement in study habits, memory 4) Stress management training 5) Group counselling 6) Counselling for personal problems. Evidence of Success The Department of Psychology takes initiative every year to create awareness about counselling facility available in college premises. Leaflets are distributed to students for circulating information about the facility. Notices are displayed on the Notice board and circulated in the classrooms before organizing workshops, lectures and allied activities. The information from the students is collected, analysis of their problems is done and counselling is provided by using psychological tests as per the requirement.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Title of the Practice Theatre and Folk Art Training Talent Hunt Grooming Objectives • Introduce students to all forms of theatre and all folk art in Maharashtra • Create awareness among students about various issues of society while promoting social awareness through the forms of folk art. • Encourage and channelize the dormant talent of the students while pursuing their regular studies in college. • Create "socially conscious artists". • Context Various folk arts like Bharud, Gavalan, Lavani, Gondhal, drama and folk dance exist in Maharashtra. The purpose of which is not just to entertain but to enlighten the society through recreation. Unfortunately in this digital age, such folk arts are gradually disappearing. Though we do not have a drama department in college, Department of Marathi has taken the responsibility of introducing theatre and folk arts to students through training every year. In addition to traditional folk arts, various forms of theatre such as drama, skit, street play and mime are introduced to students. While training, student's talent is identified and subsequently it is groomed. This has resulted into the shaping of leading actors and performers who have been successful at regional and national level. The training is free of cost to the students. Any student from undergraduate to postgraduate can attend this training. This training is not only limited to onstage work but also covers important aspects of the backstage art such as lighting, costume, hairstyle, acoustics, etc. To make this training worthy and excellent, various experts, including famous and successful artists, directors, singers, dance directors, are invited for guidance. At the end of the workshop, students with special proficiency are selected and they are provided free theatre/folkart training till the end of their education. As a result of all this, the students who are trained in this way are performing excellently in various Marathi and Hindi TV serials, Marathi and Hindi films as well as in professional Marathi theatre as actors, directors and dance directors. Evidence of Success • Many students of the College have been selected in Marathi TV serials.
