

Cuban Women Filmmakers in the Diaspora
Web Resources

The Higher Learning staff curate digital resource packages to complement and offer further context to the topics and themes discussed during the various Higher Learning events held at TIFF Bell Lightbox. These filmographies, bibliographies, and additional resources include works directly related to guest speakers' work and careers, and provide additional inspirations and topics to consider; these materials are meant to serve as a jumping off point for further research. Please refer to the event video to see how topics and themes relate to the Higher Learning event.
