

# Companies with Volunteer Grant Programs

In addition to our generous corporate sponsors, TIFF relies on the philanthropic support of the corporate community, who enable many of TIFF's programmes and initiatives. The below listed companies offer Volunteer Grant Programs to employees who have invested their time volunteering for local charities. Your employer may choose to reward your community involvement by making a corporate donation based on the time you've invested with us at TIFF!

The list below is not exhaustive; contact your Human Resources department to see if your company offers a Volunteer Grant Program
