Registration

Pass registration

Industry accreditation provides fluid access to Festival screenings and Conference events. We offer six pass types to help you design a Festival experience according to your needs. Each pass, excluding the Day Pass, offers delegates access to the six-day Industry Conference, the Industry Centre, public screenings, Press & Industry (P&I) screenings, networking events, the Digital Screening Library, online Delegate Resources, and our Rights List.

Travel documents

Foreign nationals who need a visa to travel to Canada will need to provide biometrics (fingerprints and a photograph) at their Visa Application Centre when making an application. Please keep in mind this may add to the current processing times and costs. Find out if you need a visitor visa [here](#).

Contact our Registration Team at registration@tiff.net as soon as possible if you require a letter of support for your visa application. Please note we can only provide assistance to registered industry professionals. Additionally, visa-exempt foreign nationals travelling or transiting through Canada by air may need an eTA. Find out if you require an eTA or visa by visiting the [Government of Canada's website](#).
