Study Skills

Ages 10 - 18+

A roadmap for the most effective way to study

elevate[▲]
education

Description

Elevate Education was founded in 2001 as a research company, with the aim of finding out how top performing students study. Our workshops teach students these practical study skills, using young, dynamic presenters.

Each workshop provides students with a roadmap for the most effective way to study.

Duration

Each workshop will run for 75 minutes.

Cost

R 350 inclusive of VAT per student per workshop.

Payment is required prior to the first workshop.

What is included

Two live digital workshops & recordings; two editable workbooks, student activity packs, access to our online study skills platform; access to our student website; access to our parent webinar series.

Who can join?

Ages 10 - 18+

Programme Outcomes

- To improve students' confidence and self-belief
- To promote students adopting a growth mindset towards their studies
- To improve students' learning habits & study skills
