Comprehensive Reading Development Programme

Ages 8 - 18+

Comprehensive Reading Development

Description

Lectio Solution uses the latest science and technology to improve students' visual processing, reading and comprehension skills. Through this dynamic programme students are empowered to improve their academic results and experience improved confidence in their academic achievements.

Sessions are designed to be fun and engaging for children and adults of all ages and abilities.

Click on the button to hear how EyeBrainGym helps to unlock your child's reading potential

Unlock your child's reading potential

Visual intelligence is the ability to interpret, understand, link and process visual information. Reading is linked to visual intelligence and is at the core of academic success.

The abilities of a visually intelligent learner are:

- *# Reading is fun*
- *# Comprehension is easy*
- *# A good vocabulary and command of language*

Do you want to empower your child on a journey of academic success and lifelong learning? Then, today is the time to act and invest in your child's future.

Duration
