Will you Journey Forward with us to the future of Phoenix Society for Burn Survivors?

"Our Phoenix SOAR peer supporters love using them [The Journey Forward Kits] as a way of connecting and assisting the survivors. They provide a nice way to introduce burn survivorship and create a means of follow up while providing the survivors with something tangible as well."

- Dr. Victor Joe, University of California (UCI) Burn Center

"I can tell that most patients and their families truly appreciate getting the kits and information and enjoy meeting me as a fellow burn survivor. I also enjoy meeting them and seeing that they appreciate the program and the nice gesture from Phoenix Society."

-Jose Saez, Phoenix SOAR Peer Supporter, UCI Burn Center

"I really LOVE the Journey Forward Kits and the thinking behind the whole program. The products inside are well thought out and the Phoenix Society brochure is fabulous!! It's such a great idea to show new burn survivors that there are plenty of high achieving burn survivors out in the world who have "gotten on" with their lives and are doing great things."

- Bob Aymar, Phoenix SOAR Peer Supporter, UCI Burn Center
