

Sygnia Retirement Annuity Fund (RA)

Savings Goal: Tax-efficient Long-term Saving for Retirement

The Sygnia Retirement Annuity Fund (RA) is an individual retirement savings plan that allows you to save for your retirement in a tax-efficient manner.

Who should invest?

The Sygnia RA Fund is most suitable for:

- Individuals who wish to supplement their existing retirement savings;
- Self-employed entrepreneurs who do not contribute to an occupational pension or provident fund;
- Employed persons, when your employer does not offer (or does not make contributions to) an occupational pension or provident fund;
- Individuals who earn additional income that is not taken into account in determining contributions to an existing occupational pension or provident fund.

What investments make up a Sygnia Retirement Annuity Fund?

Any unit trusts, life funds, exchange traded Funds (ETFs) or exchange traded notes (ETNs) available on the Sygnia Investment Platform. Please note that your investment choice must comply with Regulation 28 of the Pension Funds Act. Once you have invested in the Sygnia RA Fund, we will monitor the compliance for you on a monthly basis.

The key elements of Regulation 28 impose the following limits to your investments:

Strategic asset allocation	Percentage	Allocation
Equities	75.0	
Foreign Assets	45.0	
Property	25.0	
Hedge funds	10.0	

Are there contribution limits?

Minimum contributions:

- Initial lump sum of R20 000
- Additional lump sum of R5 000
- Debit order of R500 p/m

You may stop contributing at any time, with no penalty.

Please note: Minimum lump sum of R1 000 if investing into the Sygnia Money Market Class S1 or S2 (Established by Sygnia Collective Investments (RF) (Pty) Ltd).

Do I have to commit to a fixed monthly premium for a set term?

No, there is no fixed monthly premium and there is no set term. It's your investment, you decide how you would like to invest – lump sum, debit order or both – and your contributions can be adjusted as your needs change at no extra cost.

When can I access my investment?

You can access your investment by retiring from the Sygnia RA Fund after your 55th birthday, or earlier if you are permanently disabled due to injury or illness. At retirement you may withdraw a maximum of one-third in cash and use a minimum of two-thirds of the capital to purchase post-retirement income from a registered insurer, such as a Living Annuity. Should the proceeds be less than or equal to R247 500 you may withdraw the full amount in cash. At retirement the portion of your Sygnia RA transferred to a post-retirement annuity, such as a Living Annuity, is free of tax. The portion taken as cash may be subject to tax.

What happens to my investment if I die?

In the event of your death prior to retirement, the value of your investments in the Sygnia RA Fund will be distributed to your dependants and/or nominated beneficiaries. Please note that dependants take precedence over nominated beneficiaries in terms of the law. If no dependants are found and no beneficiaries were nominated, the death benefit will be paid to your estate as a lump sum. The value is determined on the date of the liquidation of your investments. The dependants and/or nominated beneficiaries may elect to receive the benefit as an annuity, as a lump sum or as a combination of a lump sum and an annuity. Annuity payments will be taxed as income in the hands of the dependants and/or nominated beneficiaries at their marginal tax rates. Lump sum payments will be subject to the relevant retirement tax tables applicable to retirement fund lump sums.
