Sygnia

1. Introduction

Sygnia is committed to rendering financial services honestly, fairly, with due skill, care, and diligence, and in the interests of clients and the integrity of the financial services industry. One of the ways to help us achieve this is having a clear and transparent complaints process in place to handle complaints promptly and fairly.

2. What is defined as a complaint?

Sygnia considers a complaint as an expression of dissatisfaction with the provision of a financial product or service by a financial service provider that the person alleges has caused them harm or inconvenience; is against an agreement, regulation or code of conduct; or has resulted in unfair treatment.

4. What happens once you have received my complaint?

We will acknowledge your complaint within five days of receiving it and provide the name and title of the person that is handling your complaint.

We will investigate your complaint promptly and in a fair and consistent manner, determine whether it should be upheld, and where appropriate decide on any remedial action and/or redress. We may require additional information from you. We will then inform you of the outcome of our investigation. We aim to resolve all complaints within five working days. Where this is not possible, we endeavour to resolve your complaint as soon as possible thereafter and within no more than six weeks.

If for any reason, we cannot resolve your complaint within three weeks we will inform you of the status of our investigation, explain why we are not able to reach a decision, and when we might be expected to provide you with the findings of our investigation of your complaint.
