COM ORDER GUIDELINES

COM (CUSTOMER'S OWN MATERIALS) ORDER PROCEDURES

- Complete a COM Identification Form. A copy of this form can be found in your Fabricut Finished Product Window Binder or online. To download form online, please log in to your Account > Download Center > Finished Products Downloads.
- Forward the completed form to the fabric supplier/vendor with instructions to include this form when they ship your COM fabrics. If you are shipping your COM fabric(s), you are responsible for including the completed form.
- Fabric(s) must arrive rolled on a tube with the face and the correct direction (up/down) of the fabric(s) identified. Folded or previously worked fabric(s) are not accepted.
- Ship all COM fabric(s) to:

Fabricut Finished Products
1705 Waukegan Road
Waukegan, Illinois 60085

- Please refer to the Product Recommendations sheet in Finished Product downloads for additional information regarding fabric and trimming recommendations.

If your fabric(s) is shipped directly from the supplier/vendor, please ask the supplier to follow the same guidelines outlined above. Failure to follow these procedures may result in delays and additional processing charges.

COM ORDER GUIDELINES

- Drapery weight materials are best for Drapery, Shades and Top Treatments. Avoid vinyl and backed upholstery weights for these types of treatments.
- We will not accept sheets or previously worked fabrics.
- Only excess COM of over 1 yard will be returned upon request. Shipping fees will apply.
- Calculate the required COM yardage needed online at www.fabricut.com/finished-products. Input the required information to obtain the correct COM yardage. Fabricut is not responsible for the incorrect COM yardage that differ from our calculated amount.
- There will be a \$4 per yard retail surcharge for handling and inspecting your COM fabric. We will waive this charge if a Fabricut Inc. fabric is used (Fabricut, Trend, S. Harris, Stroheim or Vervain).
- Please note that the following COM errors may result in a \$35.00 processing fee:
 - Fabric that arrives without proper identification
 - Sending less than the required quantity of fabric
 - Non-sheer fabrics not rolled on a tube and requiring ironing
