## ORDERS

---

Orders may be received via email, fax or internet. Incomplete information will delay order processing and shipping. Always include the item number, color/finish and quantity. Please use the Quick Ship Hardware Traverse Sets Order Form when ordering traverse sets.

### Fabricut Finished Product Customer Service

**Phone:** 800.777.5351  
**Fax:** 800.611.1712  
**Email:** [finishedproducts@fabricut.com](mailto:finishedproducts@fabricut.com)  
**Website:** [www.fabricut.com/finished-products](http://www.fabricut.com/finished-products)  
[www.fabricut.com/hardware](http://www.fabricut.com/hardware)

## LEAD TIME

---

- Orders ship quickly with fast flat-rate shipping.
- No rush orders are accepted.
- For current lead times visit [fabricut.com/finished-products](http://fabricut.com/finished-products).

## RETURN POLICY

---

All of our items are made to order and produced individually per order. Changes, cancellations or returns are not permitted once an order is processed.

## PAYMENT

---

Payment terms are Net 30. Cash on Delivery (COD) or Proforma (CBD). Credit cards accepted are Visa, MasterCard, Discover, and American Express. A \$25 fee will be charged for any returned checks.

# GENERAL TERMS, CONDITIONS AND PRODUCT INFORMATION

---

## PRICES & SHIPPING

---

Prices are subject to change without notice. Typographical errors are subject to correction. Prices do not include shipping, handling and packaging fees which are additional charges.

## DAMAGED GOODS

---

It is recommended that you inspect your entire order upon delivery. Any claim for damaged merchandise must be made with the shipping company within 15 days of receipt. No claims after 15 days will be accepted by Fabricut. When making a claim, please keep all packing materials, as claims may require inspection of these materials. Photographs will be required as proof of damages.

## INSTALLATION

---

It is strongly recommended that experienced professional installers are used for your installation. Fabricut will not assume any responsibility for damages incurred by improperly or inadequately supported hardware. For hardware installations, molly bolts and anchors are recommended for all installations but are not included. Support brackets are recommended every 3-4 feet (every 3 feet for acrylic poles). Brackets should be installed securely into wall studs when possible. An experienced professional installer will be able to determine where support is necessary.

## PRODUCT INFORMATION

---

Our panels and hardware are handmade pieces. Variations from photographs, samples and prior orders may occur. It is recommended that orders for a single room be placed at the same time for dye lots to match. Silk yarns are made by nature and the unique qualities created in this process are not considered flaws. Dye lots or fading from sunlight are not guaranteed. Hardware will have variation in finishes resulting from batch-made production, hand finishing, as well as natural differences in wood color, tone and grain. A 100% match cannot be guaranteed from piece to piece. Wood items may vary slightly in size due to the nature of the materials and production process.

# GENERAL TERMS, CONDITIONS AND PRODUCT INFORMATION

---

## NOTES WHEN ORDERING HARDWARE

---

### FINISHES

All finishes are produced by hand. Dye lots will vary.

There are not specific repeats or “patterns” to any hardware finish. Coverage will vary from piece to piece, order to order. There may be heavier or lighter coverage on each piece and through a single piece. This is the “nature” of the technique and finish.

### Sample Chip Finishes

Fabricut sample chips are a representation of the finish. Due to the nature of the materials and the staining technique, acceptable variation will occur from sample chip to sample chip. These same acceptable variations can occur from sample chip to actual finished product.

### POLES

#### Cutting:

Because the poles are part of a set the poles cannot be ordered cut to a specified length. A \$10 (NET) pole cutting fee per pole will apply if additional a la carte poles are ordered and requested cut to a specified length. No returns or cancellations are accepted on any poles that have been cut.

#### Splicing/Joining:

Additional brackets will be required any time a splice or connector is ordered to support the expanse and the splicing joint. The splice/connector and extra pole(s) will need to be ordered separately from the set.

#### Easy Glide Tape:

Easy Glide Tape is available upon request with any wood pole order at no charge. Easy Glide Tape provides a slick surface for drapery rings to easily glide over a drapery pole.

## PACKAGING FEE

---

A Packaging fee of \$10 (NET) will apply to any Quick Ship hardware order that has a pole.

# QUICK SHIP PANEL SPECIFICATIONS

---

## QUICK SHIP HEADER STYLES

### 3-FINGER PINCH PLEAT PANEL

- Face Width, including return and overlap for 1 Width panel = approx. 18½" + Return
