The Outdoor Hardware Collection includes steel finials, poles, brackets and rings.

Tested for outdoor use and guaranteed against:

- UV exposure
- Humidity
- Sea spray

5 Custom finishes available on all Outdoor Hardware products with protective high gloss, weather resistant topcoat.

- 450-OH Aluminum Gloss
- 440-OH Soft Gold Gloss
- 103-OH Satin Black Gloss
- 105-OH Bronze Gloss
- 270-OH Mahogany Rust Gloss

Note:

Each order will include 2 oz. of finish and protective topcoat for periodic maintenance.

Items with welds are not covered under the Outdoor Hardware Limited Warranty.

Outdoor Hardware Limited Warranty

All Outdoor Hardware is guaranteed to be free of manufacturing defects and is covered under our Manufacturers Limited Warranty. The product is guaranteed not to rust and the finish not to fade for 5 years if the product is maintained according to the "Product Care" information. In the event of rusting or fading, photography may be requested for finalization of claims on a case-by-case basis.

Outdoor Hardware Product Care

Unlike indoor drapery hardware, outdoor hardware requires periodic maintenance. It is important that any damages or finish abrasion be repaired immediately. Any scratches incurred during installation must be repaired at that time. Stainless steel mounting hardware is recommended, but not included. Each order will include 2 oz. of finish and protective topcoat for periodic maintenance.

In addition, twice a year, it is important to clean and inspect the outdoor hardware for scratches or wear patterns that could expose the metal and result in rusting. This is very important for treatments with rings. If such areas are discovered, apply the paint finish sent with the order. When dry, apply the clear protective topcoat also provided.

please note: allow 10-15 business days for production of **Outdoor Hardware Collection**. Professional installation recommended due to weight of steel products. Brackets recommended every 3 feet. Splicing not recommended for steel rods.

Round backplates: 1¾"Dia (for 50SRB), 2"Dia (for 75HSRB, 75RD, RD125 and RD175). Rectangular backplates upon request.

Product Information

- Available on steel poles: 50SRB, 75HSRB, 75RD, 1SQ, RD125, RD175
- Sold in one foot increments, 2 foot minimum
- Cut to specified length. Fall off will not be saved or shipped
- Round Backplates: 1¾"Dia (for 50SRB), 2"Dia (for 75HSRB, 75RD, RD125, RD175). Rectangular backplates upon request
- Rectangular Backplates: 3"L x 1½"W (for 1SQ). Round backplates upon request.
- Bent Return fees are charged per return; returns over 8" incur an additional charge. TFCFEE-CBKT: \$25.00 per return

Please Specify

- A. Length of pole from outer return edge to outer return edge
- B. Return (distance from wall to center pole)
- C. Pole item number
- D. Finish color
- E. Projection or support bracket being used

steel pole mitered returns

Catalog page 52

TFCFEE-SMR steel pole mitered returns - up to 8" returns

\$80.00 per return

Rectangular Backplates: 3"L x 1½"W (for 50SRB, 75HSRB and 75RD, 1SQ, RR100, ST2, ST3, SRT1, SHT1, RR125, RD125, SRT2, and RR125) and 3½"L x 2"W (for RR175 and TRT). Round backplates upon request.

Product Information

- Sold in one foot increments, 2 foot minimum
- Cut to specified length; fall off will not be saved or shipped
- Rectangular Backplates: 3"L x 1½"W (for 50SRB, SRH75, 75HSRB, 75RD, 1SQ, RR100, ST2, ST3, SRT1, SHT1, RR125, RD125, ST2 and RR125, RR175 and RD175) and 3½"L x 2"W (for RD175 and TRT). Round backplates upon request
- Round Backplates: 1¾"Dia (for ½" pole), 2"Dia (for ¾", 1" and 1¼" poles) and 3"Dia (for 1¾" pole)
- Ring inner diameter must be large enough to clear the pole miter, if used. See Ring Chart
- Mitered Return fees are charged per return; returns over 8" incur an additional charge. TFCFEE-CBKT: \$25.00 per return

Please Specify

- A. Length of pole from outer return edge to outer return edge
- B. Return (distance from wall to center pole)
- C. Pole item number
- D. Finish color
- E. Projection or support bracket being used

bay window and corner window solutions

bay window corner miters or soft bends

Required Measurement Information

please include with your order:

- pole size and profile.
- length of walls (wall 1, wall 2, and wall 3).
- distance from front facing wall to wall 2.
- width of opening on front facing wall.
- angle of each miter or soft bend.
- return (distance from wall to center of bracket cradle).
- chosen brackets.
- chosen finials.
- chosen rings, if any.
- please make deductions for brackets and finials and provide finished length on order.*

*What are pole deductions?

Pole Deductions for Finials

When measuring your pole length for bay window installations, please consider where on wall 1 and wall 3 you want your finials to be positioned. Do you want them behind the opening of the front facing wall? See diagram.

pole deductions for finials

Pole Deductions for Brackets

When measuring your pole length for corner installations, remember that the poles do not reach the corner due to your brackets. See diagram.

pole deductions for brackets

All orders with poles with bent or mitered returns, soft bends or miters for corner and bay windows will incur a \$25.00 net packaging fee per order.

miters and soft bends for steel poles

Soft bends are only available for 1/2" 50SRB, 3/4" 75RD and 75HSRB poles at 90° angle or larger.

Soft bends (for ≥ 90° corners)	TFCFEE-SSB	\$80.00 per bend
Standard 45° miter cut (for 90° corners)	TFCFEE-SM45	\$65.00 per connection
Non 45° miter cut (for non 90° corners)	TFCFEE-SM-NON45	\$65.00 per connection

miters for wood poles

We can miter our wood poles at any angle for you.

Mitered returns for wood poles	TFCFEEMITER-EACH	\$80.00 per return
Standard 45° miter cut (for 90° corners)	TFCFEEMITER-45	\$65.00 per connection
Non-45° miter cut (for non-90° corners)	TFCFEEMITER-NON45	\$65.00 per connection
Wood cutting fee for more than one cut	TFCFEWCUT	\$65.00 per cut

miters and blends for traverse wood fascia

We cannot miter system tracks, but traverse wood fascia can connect and miter at the corner.

Mitered returns for wood fascia	TFCFEEMITER-EACH	\$80.00 per return
Standard 45° miter cut (for 90° corners)	TFCFEEMITER-45	\$65.00 per connection
Non-45° miter cut (for non-90° corners)	TFCFEEMITER-NON45	\$65.00 per connection
Wood fascia fabrication fee	TFCFEFASCUT	\$65.00 per cut
Wood fascia blending fee	TFCFEEBLEND	\$108.00 per blend

90° inside corner window

Required Measurement Information

please include with your order:

- A. pole size and profile.
- B. length of pole 1.*
- C. length of pole 2.*
- D. return (distance from wall to center of bracket cradle).
- E. chosen brackets.
- F. chosen finials.
- G. chosen rings, if any.

*What are pole deductions?

Pole Deductions for Brackets

When measuring your pole length for inside corner installations, remember that the poles do not reach the corner due to your brackets.

See diagram.

pole deduction for brackets

90° outside corner window

Required Measurement Information

please include with your order:

- A. pole size and profile.
- B. length of pole 1.*
- C. length of pole 2.*
- D. return (distance from wall to center of bracket cradle).
- E. chosen brackets.
- F. chosen finials.
- G. chosen rings, if any.

*What are pole additions?

Pole Additions for Brackets

When measuring your pole length for outside corner installations, remember that the poles extend beyond the corner due to your brackets.

See diagram.

pole addition for brackets

TBKT, custom steel T-bracket

please specify:

- A. return (distance from wall to center of cradle)
- B. pole size and profile

note: 3½"H backplate comes standard, unless otherwise specified

BL4, custom steel ceiling mount bracket

please specify:

- A. drop (distance from ceiling to top of pole)
- B. pole size and profile
- C. rings to be used, if any

note: minimum drop is contingent upon which finial and ring is chosen

2½"W ceiling plate comes standard, unless otherwise specified

DBL1, custom steel double bracket

please specify:

- A. front pole size and profile
- B. back pole size and profile
- C. outside diameter of rings to be used
- D. front and back returns (distance from wall to center of cradle)

note: returns are contingent upon which poles and rings are chosen
3½"H backplate comes standard, unless otherwise specified

FBKT, custom steel single bracket

please specify:

- A. return (distance from wall to center of cradle)
- B. pole size and profile

note: 4¾"H backplate may not be modified

Options:

For a custom bracket with return or drop distance in excess of 8", add the following custom bracket modification fee TFCFEE-CBKT: (Includes a recommended support arm.)	\$25.00 per bracket
To modify an existing Standard Bracket, add a Custom Bracket Modification fee TFCFEE-BKTMOD:	\$50.00 per bracket
Support bars can be added to existing Custom Brackets, add the following fee TFCFEE-SB: (Must be added for returns over 8")	\$25.00 per bracket

Please note: for LARGE SWING ARM or SMALL SWING ARM: other finials may be used; sold separately

custom accessories

finial adaptors

Catalog page 58

If the finial you want isn't in the diameter you need, you can add a finial adaptor.

The finial adaptor acts as the new finial base.
Select a finial adaptor size from the **base adaptor size** chart, specify "add finial adaptor" and add the following upcharge.

	base adaptor size			use for pole diameters	Price
FA-S Small Adaptor		FA-S, 1 3/8"Dia		1/2", 3/4", 1", 1 1/4"	\$13.20 ea
FA-M Medium Adaptor		FA-M, 2"Dia		1 1/2"-1 3/4"	\$13.20 ea
FA-L Large Adaptor		FA-L, 3"Dia		2"-2 1/4"	\$13.20 ea
FC1 Adaptor		FC1, 2 3/8"Dia		1 1/2"-1 3/4", 2"-2 1/4"	\$27.50 ea

- Finial Adaptor Tips:**
- It is typically easier and more visually pleasing to adapt a finial to a larger diameter pole, rather than a smaller diameter pole.
 - Many finials are located in multiple size categories because they look appropriate for several pole sizes; you may not need an adaptor.

custom tiebacks

Installation Tip:
Methods of attaching finial or rosette to custom tiebacks:

TFCFEE-DRILL Drill and tap fee (for any finial or rosette)	\$15.00 ea
TFCFEE-SWELD Spot weld fee for steel finial or rosette only	\$15.00 ea
Screw on tip mount	no charge

- Specify if "face" mount or "tip" mount

arched window required template

Draw entire installation to scale on large butcher paper

How to Calculate Length of Pole Needed for Your Arch

arch width (inches) + arch height (inches) + 48" = total length of arched pole (inches)

Required Measurements

Paper template must be provided with every arched window order. Please mark the following measurements on the template:

- Pole size and profile.
- Height of arch: please specify which height measurement you are using.
 - measurement from bottom center of pole to bottom of arch.
 - measurement from top center of pole to bottom of arch.
- Width of arch (from outside edge to outside edge).
- Return (distance from wall to center of bracket cradle).
- Selected support bracket(s): please indicate position of each bracket.

note: ARBE brackets must be used for ends of vertical arched poles.

- Selected rings, if any, must be welded to vertical arch: please indicate position of each ring.

***note:** Outermost rings must be a minimum of 1 1/2" from end of pole due to ARBE bracket cup.

***note:** ARBC, custom center bracket, can not be used with welded rings; select a standard or custom cradle bracket for center support unless pole is spliced in center.

Fill in and send this page with template and order.

custom arches

arched window poles, rings, and brackets

Catalog page 59

All orders with arched rods will incur a \$27.50 net packaging fee per order.

Steel poles available for arched window bending

- 50SRB - RD125
- 75RD - SRT2
- 75HSRB - TRT
- SRT1 - RD175

Bending for standard or eyebrow arches, add the following upcharge:

TFCFEE-ARCH Single arch bend	\$600.00 per bend
------------------------------	-------------------

If total length of arch specified requires 2 poles and, therefore, a splice, 2 bends are required. Add the following upcharge.

TFCFEE-2ARCH Spliced arch, 2 bends	\$1,200.00 per 2 bends
------------------------------------	------------------------

For shipping some large arches, the factory will cut bent pole at apex (center) for no additional charge.

Rings must be spot welded into place, if using rings for vertical installation. Indicate ring locations on template drawing. Add the following upcharge.

TFCFEE-SWELD Spot weld fee	\$15.00 ea
TFCFEE-DRILL Drill & tap fee	\$15.00 ea

Steel rings sold separately.

Finials, brackets, and arched poles sold separately

Note: Additional support brackets are required for two-piece arch.

Note: An addition drill and tap fee is required to use finials on vertical arches.

arched window custom brackets: made to your specifications

 Catalog page 59 arched rod center bracket	 Catalog page 59 arched rod end bracket for vertical arches
custom return ARBC \$44.00 ea	custom return; sold in pairs only ARBE \$121.00 pair

note: ARBC bracket cannot be used for installation with welded rings unless pole is spliced. Brackets without eyelet cradles may be substituted; sold separately.

note: ARBE bracket cups are custom made to fit pole profile.
note: If welding rings to arch, outermost ring must be positioned 1 1/2" from end of pole due to the bracket cup.

please specify for ARBC or ARBE

- A. return (distance from wall to center of cradle)
- B. pole size and profile

custom finishing

Catalog page 60

custom finishes and custom color match

Beyond our standard finishes, we can match any finish, fabric swatch, wood trim or paint color specified from your favorite paint company. A finish sample or paint color, sheen level and manufacturer must be provided by the customer. The Finial Company will then provide a strike-off sample to the customer on any wood or steel pole profile as requested. Customer approval of the strike-off sample is required before production will begin. Please see page 90 for detailed list of fees.

clear coating

Clear coat can be added on any finish to achieve your preferred sheen level. Sheen choices are matte, satin and high gloss as shown in the catalog. Please see page 90 for detailed list of fees.

100 Polished Steel finish

Many, but not all, of our raw steel products can be polished and given a clear topcoat to achieve a finished look. Steel is not uniform in color tone and will vary in shades of gray and silver. Polishing raw steel parts requires considerably more preparation work than our other finishes and therefore incurs additional charges.

A polished steel finish is NOT available on the following items that appear in the steel section of the 2018 catalog:

TRT	EB3
EC1	CSL16
SELB	EB1
EB5	EC3
RF4	123ELB
EB2	EB6

repaint fees

Includes painting product from any manufacturer in a standard TFC finish included in the 2018 Drapery Hardware Catalog. 10-15 day lead time. (all prices below are SRP)

All orders with poles will incur a \$10.00 net packaging fee per order.

Product Information

- Sold in 2 foot increments, 2 foot minimum
- Cut to specified length. Fall off will not be saved or shipped
- Connector screw available for joining two poles for no additional charge
- EZ glide tape included; no charge

Please Specify

- Item number
- Custom pole length
- Finish color
- Connector screw, if needed. *We recommend installing a support bracket at the connection*
- Options, if selected (see below)

Connection Options

- Pole connector screw: **no charge**
Join two poles with a connector screw. Ask for one with your order
Positioning a support bracket at this connection is important. It helps conceal the splice while offering additional support to this fragile area

Maximum continuous length: 144 inches (12')

standard crest installation methods

Pole Mount

L-bracket attaches standard crest to top of pole.
Note: L-bracket included with standard crest.

please specify:

- A. pole size and profile.
- B. bracket and return (distance from wall to center of cradle).
- C. ring, if any.

Custom Wall Mount

custom H-bracket attaches crest to wall independently of drapery hardware.

HBKT Custom h-bracket	\$66.00 ea
--------------------------	------------

please specify:

- A. return (distance from wall to back of crest)
- if crest is being installed with drapery hardware, please also specify:
- B. pole size and profile.
 - C. pole bracket and return (distance from wall to center of cradle).
 - D. ring, if any.

TFCFEE-CBKT Custom bracket modifications fee for brackets over 8"	\$25.00 ea
---	------------

Traverse Fascia Mount

required crest block attaches crest to corded or motorized traverse with fascia.

Crest block	\$27.50 ea
-------------	------------

please note:

Attaching fabric panels to the standard crest is not advised. All fabric treatments, whether swags or drapery panels, need to be installed independently of the custom H-bracket, as it is only meant to hold the weight of a standard crest.

pole mount crests slide onto pole; cannot be wall mounted

Catalog page 94	Catalog page 94
	
14¾"W x 6"H pole mount only	10¾"W x 4¼"H pole mount only
C3	C4
\$137.50 ea	\$104.50 ea

pole mount crest installation method

pole mount crest slides onto pole

Set screw (B) holds crest in place. Be sure the return (distance from wall to center of cradle) on your pole brackets (A) allow the back of the crest to clear the wall and other objects.

please note:

- pole brackets (A) cannot be installed where the pole mount crest is positioned (if center support bracket is needed, it will be to the side(s) of the crest).
- rings will not fit behind pole mount crest.

special finishes

custom finishes and custom color match

Beyond our standard finishes, we can match any finish, fabric swatch, wood trim or paint color specified from your favorite paint company. A finish sample or paint color, sheen level and manufacturer must be provided by the customer. The Finial Company will then provide a strike-off sample to the customer on any wood or steel pole profile as requested. Customer approval of the strike-off sample is required before production will begin.

100 Polished Steel finish

Many, but not all, of our raw steel products can be polished and given a clear topcoat to achieve a finished look. Steel is not uniform in color tone and will vary in shades of gray and silver. Polishing raw steel parts requires considerably more preparation work than our other finishes and therefore incurs additional charges.

A polished steel finish is NOT available on the following items that appear in the steel section of the 2018 catalog:

TRT	EB3
EC1	CSL16
SELB	EB1
EB5	EC3
RF4	123ELB
EB2	EB6

clear coating

Clear coat can be added on any finish to achieve your preferred sheen level. Sheen choices are matte, satin and high gloss as shown in the catalog.

outdoor hardware finishing

Available on all Outdoor Hardware product as listed in the catalog. See pages 45-48. 20% surcharge on items in outdoor finishes that are not part of the Outdoor Hardware collection.

standard finishes on 1³/₈" metal collection:

1³/₈" Metal Collection finials, brackets, poles and rings are available in any of our standard hand painted finishes for a 30% surcharge on these items.

finish fees

(all prices below are SRP)

Custom match/custom finishing

includes modifying existing TFC finishes and painting product from any manufacturer in any finish not included in the 2018 Drapery Hardware Catalog. 10-15 day lead time:

single color: 10% of order value, minimum of \$100.00 per order

multicolor: 15% of order value, minimum of \$150.00 per order

Polished steel finishing:

30% of order value, min of \$150.00 per order

Clear coating:

10% of order value, min of \$100.00 per order

Outdoor hardware finishing:

20% of order value

1³/₈" Metal Collection standard finishing:

30% of order value, no minimum order

Touch up paint:

\$20.00 per vial

Strike-offs:

\$70.00 per finish/strike-off. If finish is approved, 1/2 of strike-off fee will be rebated on order.

Color chip samples:

\$3.00 per chip

repaint fees

Includes painting product from any manufacturer in a standard TFC finish included in the 2018 Drapery Hardware Catalog. 10-15 day lead time. *(all prices below are SRP)*

PRICING AND TERMS

Prices found in The Finial Company Retail Price List are our suggested retail prices. Due to the U.S. government's current policy on China tariffs, all products are subject to a tariff surcharge as of September 1st, 2019. Prices are subject to change without notice. Prices are quoted exclusive of freight and packaging. The buyer should always inspect the product upon receipt.

IMPORTANT: Please note that your order will be placed with an authorized Finial Company Distributor. While most of the following will generally apply, your distributor may have terms and conditions of sales that will vary from what is stated here.

Estimated Lead Times: Purchase orders are processed once they are received by The Finial Company. Incomplete information will delay processing and shipping. The Modern Metal and Metal Collection will ship within 48 hours of the order confirmation. Painted product (including painted products from the Metal Collection), custom products and traverse systems will ship within 10-15 business days of the order confirmation.

Rush Orders: Rush orders are available. An additional 30% charge applies to product and all fees excluding freight and packaging. Rush orders will ship within 5 business days. The 30% rush charge is available for all product except arch rods, bay windows, custom brackets, and mitered returns. If an order is received after 12:00 C.S.T., the next business day will count as the first day of production.

IMPORTANT: Please note that rush orders are not always available due to the nature of scheduling in a strictly custom manufacturing environment. Processing time for a rush order is in business days, (excluding holidays) not calendar days.

Shipping (NET Fees): Poles or tracks over 96" must be shipped by common carrier. For current common carrier freight rates go to www.thefinialcompany.com/freightrate. Expedited shipments are not available in all areas. Any additional charges for expedited shipments will be in addition to the published net fees.

The following orders will be subject to actual freight costs:

- shipments going to Alaska, Hawaii, Idaho, Montana, Puerto Rico or any international destination.
- orders with poles or tracks exceeding 96" in length
- orders that exceed a \$2,500 SRP

Packaging Fees (NET Fees): A net packaging fee of \$10.00 per order will apply to any order that has a pole. A net packaging fee of \$10.00 will apply to any order with a traverse rod less than 16 feet. The net packaging fee increases to \$25.00 for all orders with arched rods; bay windows; rods with returns; motorized traverse track; or poles, rods and corded traversing track 16 feet or longer.

RETURNS, CHANGES & CANCELLATIONS

All orders are considered "custom". No changes or cancellations will be accepted later than 24 hours after order is confirmed. All returns must be authorized by The Finial Company customer service department, and are authorized at our discretion, given the circumstances and nature of each custom order.

DAMAGED GOODS

Immediately upon receipt, your order should be inspected to ensure that there is no concealed damage from shipping. Claims on damaged merchandise must be made within 15 days of receipt. No claims after 15 days will be accepted. If your order is damaged in shipping, carriers require that all packing materials be kept in order for a representative to inspect the goods. Our policy is that we replace damaged product per the original order.

Please note on the bill of lading if there is any possibility of concealed damaged. If shipping through a 3rd party, distributor is responsible for claiming damages and the remakes will be at charge.

PRODUCT INFORMATION

Wood Poles: Wood poles are sold in 2 foot increments, 2 foot minimum. We will cut your pole to specification, but we do not save or ship the fall off.

Steel Poles: All steel poles are sold in 1 foot increments, 2 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Metal & Acrylic Poles: All metal and acrylic poles are sold in 2 foot increments, 2 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Corded or Baton Draw Traverse Tracks: Corded or baton draw traverse tracks are sold in 2 foot increments with a 4 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Motorized Traverse Tracks: Motorized traverse tracks are sold in 1 foot increments with a 6 foot minimum. We will cut to your specification, but we do not save or ship the fall off.

Support Brackets: We recommend support brackets every 3-4 feet.

Installation: Mollie bolts and nail anchors are recommended for all installations, but are not included. We strongly recommend using a professional installer for our hardware.

Force Majeure: The Finial Company is not liable for any performance failure that arises from any cause not within its control.
