# Higher Education at Qatar Foundation

March 2024

# 01

## Overview

- The diverse, world-class higher education opportunities offered by QF produce graduates who are equipped to serve the needs of Qatar, and make their mark on the global stage.
- QF's unique educational model intertwines homegrown academic excellence with international partner universities, whose branch campuses at Education City offer degrees that are equivalent to those of the universities' home campuses.
- Through this integrated, multidisciplinary model, QF offers top-ranked programs and specializations in areas that align with Qatar's national priorities and vision, and which are also relevant to the world.
- QF students have the unique opportunity to cross-register for courses at multiple QF universities – allowing them to customize their learning experience.

# 02

About Qatar  
Foundation

Qatar Foundation (QF) is a non-profit organization made up of more than 50 entities focused on education, research, and community development.

QF's unique ecosystem – supported by partnerships with leading international institutions – is built on initiatives that address our most pressing challenges, create global opportunities, and empower people to shape our present and future.

# 12

About  
Education  
City

Education City, QF's flagship initiative, is a campus that spans more than 12 square kilometers and hosts branch campuses of some of the world's leading educational institutes, a homegrown university, research and innovation hubs, and community facilities. Together, this makes Education City a unique environment of knowledge – pioneering a new approach to multidisciplinary, global education and enabling breakthroughs that benefit Qatar and the rest of the world.
