Ready-to-Install Richlite Countertops

Crafted for Durability, Sustainability Guaranteed.

Richlite is a durable, paper-based composite material made from FSC® Certified recycled paper and eco-bind resin, offering both strength and beauty. As a naturally antimicrobial material with NSF certified color options, Richlite is a perfect eco-friendly choice for countertops and other surfaces.

EcoCuts simplifies your project with precision pre-fabricated Richlite countertops. Just provide your drawings or measurements, and our team will value-engineer your countertops for optimal material efficiency, ensuring they're ready for easy installation.

No project is too large or too small! EcoCuts handles projects ranging from a single family kitchen to all the countertops and work-surfaces for an entire corporate office building. **Call 718-218-6737 today to get a quote!**

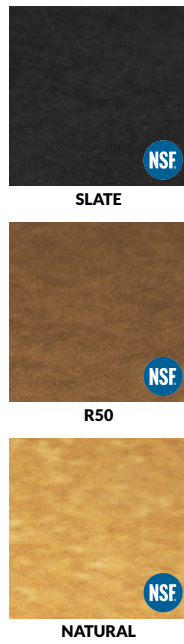

Declare.

NORTHWEST COLLECTION

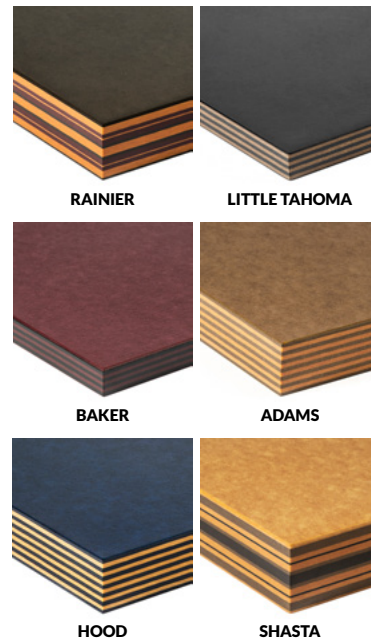

All Richlite solid colors are suitable for interior and exterior applications. Heritage Collection colors are recommended for exterior use.
