McCarran to host Request For Proposals (RFP) workshop

Learn about the RFP process and receive tips for preparing proposals by attending a free instructional workshop hosted by McCarran on July 29

Airports can be a great venue for many small businesses. But getting a foot in the door can be challenging to business owners who are unfamiliar with the process necessary to properly apply to lease space at a municipally-owned airport such as McCarran International in Las Vegas.

To help address these concerns, the Clark County Department of Aviation has scheduled a free workshop on Friday, July 29 at 9 a.m. to provide an overview of the RFP process and answer questions on the required information and documents businesses must submit when responding to an RFP.

Those interested in leasing space to provide services at the nation's eighth-busiest airport are encouraged to attend this three-hour workshop. Participation from minority- and women-owned businesses, other disadvantaged business enterprises, and local small businesses is strongly encouraged.

Information presented at the workshop will be beneficial to anyone interested in someday operating a small business at McCarran. Currently there are three open RFP opportunities for Specialty Retail, Airport Concierge Services, and Per Capita Limousine and Minibus Services. Additional business opportunities at McCarran that would require an RFP process could also arise in subsequent months.

Attendees should park within the airport's parking garage or Economy Lot and proceed into Terminal 1 on Level 2, heading toward the A/B security checkpoint. Enter one of the glass elevators located before the checkpoint and proceed up to the fifth floor. Exit the elevator to the right, then proceed down the hall toward the Commissioners Meeting Room. Long-Term and Economy parking is free for those who bring their parking stubs into the workshop for validation.

Those interested in the RFP workshop can learn more at www.mccarran.com/DoingBusiness, or by calling (702) 261-3443. Advanced registration is not required.
