## **MEETING NOTICE**

### **McCARRAN TO HOLD TERMINAL 3 COMMUNITY WORKSHOP THIS WEDNESDAY, MAY 21**

This Wednesday, May 21, the Clark County Department of Aviation will hold a community workshop for public input on the Draft Environmental Assessment (Draft EA) for the construction of Terminal 3 at McCarran International Airport. Currently planned for a 2008 opening, Terminal 3 will be a 14-gate "unit terminal" with its own parking and ground transportation, ticketing and baggage claim facilities.

At the workshop, which will be held at the Helen C. Cannon Middle School (5850 S. Euclid) from 4 to 7 PM, airport staff will be available to discuss the findings and recommendations presented in the Draft EA.

The Draft EA is available for public review during normal business hours at Clark County Library District facilities. The document may also be downloaded from the McCarran International Airport website at [www.mccarran.com](http://www.mccarran.com).

Written comments on the Draft EA will be accepted by the Department of Aviation until Tuesday, June 17, 2003. All comments received will be addressed in the Final Environmental Assessment.
