VARIANCE APPLICATION

Page 2 OF 2

APPLICANT: **Please Type or Print**

Please Answer the Following: (Attach additional sheet, if necessary)

- 1. Explain why a variance is required under Clark County Code Section 20.13.080.
- 2. Explain why a literal application or enforcement of the Airport Hazard Regulations would result in practical difficulty or unnecessary hardship.
- 3. Explain why a variance would not be contrary to the public interest but would do substantial justice and be in accordance with the spirit of the Airport Hazard Regulations.
- 4. Explain any other circumstances or conditions that justify the granting of a variance.

Additional Submittal Requirements:

Together with this ORIGINAL application, please submit the following:

- (1) If notice is required under Section 20.13.050(A) of the Airport Hazard Regulations, a copy of **(a)** the notice to the FAA, **(b)** the acknowledgment thereof issued by the FAA pursuant to FAA Regulations and **(c)** any further aeronautical study of the proposed construction or alteration conducted by the FAA pursuant to FAA regulations.
- (2) **Two copies each** of a **site plan** and **exterior elevation** for the proposed structure or use, drawn to a standard scale, which plans must demonstrate the configuration and height of the structure or use.
- (3) Two copies of the deed to the subject property.
- (4) Any other studies and background information that the Director of Aviation may require.

(I, We), the undersigned, swear and say that (I am, we are) the owner(s) of record on the Tax Rolls of the property involved in this application or (am, are) otherwise qualified to initiate this application under Clark County Code Section 20.13.080; that the information on the attached deed, all plans, drawings, and sketches attached hereto and all the statements and answers contained herein are in all respects true and correct to the best of my knowledge and belief, and the undersigned understands that this application must be complete and accurate before a hearing can be conducted.
