McCARRAN MOVES VALET PARKING AREA EFFECTIVE TUESDAY, FEBRUARY 26 New Location Provides Improved Customer Access

McCarran International Airport will relocate its valet parking operations to Level 2 of the public parking garage, effective Tuesday, February 26, 2002, at 4 a.m. The new location is conveniently adjacent to the Level 2 pedestrian bridge leading directly into the main terminal building.

"This relocation will improve customer service and the operation of valet parking," said Rosemary Vassiliadis, Deputy Director, Clark County Department of Aviation. "Moving valet operations outside the 300 foot heightened security perimeter will eliminate the need to search every vehicle entering the valet area."

To access the new valet area on Level 2, customers should follow the "Valet" signs and red arrows and turn left off the Express Ramp as they approach the garage. Additional roadway signs will be in place during the transition period.

Valet parking rates are \$4 for the first hour and \$1 for each additional hour, with a \$14 per day maximum.

The present valet parking area will be converted to additional employee parking.
