MEDIA ADVISORY: NEW PARKING RATES AT McCARRAN EFFECTIVE APRIL 3, 2001

Effective April 3, 2001, McCarran International Airport will implement an increase in parking rates. McCarran, one of the ten busiest airports in North America, continues to offer some of the lowest parking rates in the nation compared to other airports handling similar passenger volumes.

The new rates will help prevent overcrowding conditions and provide better utilization and efficiency of airport parking facilities. To ensure that parking is available to meet growing demands, McCarran diverts parking traffic as facilities fill to capacity.

In order to make customers aware of the upcoming changes, rate cards are currently being distributed to all Parking Plaza users. A copy of the rate card accompanies this advisory. Please refer to rate card for rate comparisons among airports similar in volume to McCarran.

- Short-Term Metered Parking hourly rate will increase to \$1.50 from \$1. (3 hour maximum).
- Long-Term Covered Parking daily maximum rate will increase to \$10 from \$8.
- Valet Parking daily maximum rate will increase to \$14 from \$11.
- Long-Term Uncovered Surface Parking (Terminal 2 and Remote Overflow Lot only) daily maximum rate will increase to \$8 from \$6.
- Oversize Vehicle Surface Parking (up to 40') daily maximum rate is \$12.
- Oversize Vehicle Surface Parking (over 40') daily maximum rate is \$18.
