## **GENERAL AVIATION ACTIVITY TO RESUME ON LIMITED BASIS**

As of 1:00 PM Pacific Standard Time, the FAA has advised the Clark County Department of Aviation that general aviation activity will resume under Instrument Flight Rules (IFR). Instrument-rated pilots must file flight plans with the FAA and operate under FAA Air Traffic Control.

Like commercial flight activity, general aviation traffic will be evaluated by the FAA on a case-by-case basis as the National Airspace System is brought back on line.

The Clark County Department of Aviation operates five general aviation facilities in addition to McCarran: North Las Vegas Airport, Henderson Executive Airport, Jean Sport Aviation Airport, Overton/Perkins Field and Searchlight.
