McCarran Closes The Kitty Hawk Off Ramp

Traffic Delays Expected

On April 10, 2006, people traveling northbound on the airport connector should expect traffic delays due to the permanent closure of the Kitty Hawk off-ramp. The two existing northbound lanes on the airport connector will be reduced to one as construction crews work to close the off-ramp. The northbound lanes on the airport connector will return to two lanes, on Tuesday, April 11.

The purpose of the permanent closure of the Kitty Hawk off-ramp is to, primarily, improve the flow of traffic heading southbound on Paradise Road by modifying the traffic signal. This improvement project is expected to cost approximately \$200,000.
