Harry Reid International Airport Launches New Parking Reservation Pilot Program

Harry Reid International Airport (LAS) recently launched a new, online booking platform allowing travelers to reserve parking ahead of time. The pilot program is live with 636 designated spots available at both Terminals 1 & 3. This initiative is part of a series of projects at LAS to enhance the guest experience and meet the growing needs of our region.

“We have been working diligently to look for ways to modernize all of our facilities, both in terms of infrastructure and technology,” said Rosemary Vassiliadis, Clark County Department of Aviation Director. “Upgrades such as this provide our guests the reassurance of convenient, prime parking so that they can plan ahead and save time.”

The new platform comes at the perfect time, when the holiday season is expected to spike parking demand at the airport.

Parking Availability:

- Terminal 1 / Level 2M – 286 spaces at \$28/day
- Terminal 3 / Level 1 – 350 spaces at \$21/day
