Harry Reid International Airport Announces Updated Parking Rates Effective July 1

Harry Reid International Airport (LAS) will implement new updated parking rates, beginning July 1. The new rates include approximately a \$1 to \$2 fare increase across all parking offerings. This is the first rate adjustment in more than seven years and helps support airport growth, modernization efforts, and future traveler improvements.

Travelers can take advantage of discounted parking rates in Terminal 3 Long Term Parking from Saturday through Wednesday, with rates starting at \$16 per day when reserved through the airport's parking reservation system. This discounted rate is lower than the current drive-up rate. Availability is limited, and drive-up rates will continue to apply for customers without a reservation.

The updated daily parking rates are as follows:

Table with 2 columns: Parking Category, Rate. Rows: Long Term Parking, 0 - 2 hours (\$12), Each additional hour (\$4), Daily maximum (\$20).

Table with 2 columns: Parking Category, Rate. Rows: Valet Parking, Flat fee (\$34).

"Southern Nevada continues to experience tremendous growth, with more mega events and professional sports teams on the horizon," said James C. Chrisley, Clark County Director of Aviation. "These are the first parking rate adjustments we've made since 2019, and they will help us to continue investing in our infrastructure and make necessary improvements to support future growth and enhance the traveler experience."

Harry Reid International Airport offers more than 17,000 public parking spaces across multiple facilities, including short-term, long-term, economy, and valet parking options, while continuing to maintain some of the lowest parking rates among domestic mega airports. Parking facilities are open 24 hours a day, seven days a week and are subject to availability.
