LAS Racing Toward Busy November

Harry Reid International Airport (LAS) is in final preparations to welcome the world to Las Vegas for the Formula 1 Las Vegas Grand Prix. LAS is offering the following travel tips for those utilizing the airport during this highly anticipated weekend.

Cross the Finish Line with the 4-3-2-1 Plan

- When the big weekend is over, many attendees are expected to head back to the airport during the same timeframes. Follow this formula for stress-free travel:
 - 4 Hours Before Departure: Arrange Transportation to the Airport/Drop Off Rental Car
 - 3 Hours Before Departure: Check Your Bags with your Airline
 - 2 Hours Before Departure: Get in Line at the Security Checkpoint
 - 1 Hour Before Departure: Be at the Gate, Ready to Board

Road Closures and Busy Roadways

- LAS is just two miles from the racetrack and the closures associated with the race will impact getting to the airport.
 - Sign up for text alerts related to F1 road closures by texting "F1LV" to 31996.
- Make sure to allow enough travel time to the airport, accounting for additional traffic being detoured to airport roadways.
- If possible, airport roadways should be avoided unless heading to the airport.
- Consider all transportation options to and from the airport; be prepared for rideshare and taxis to be in high demand.

Know Before You Go

- Some concession options will increase their hours of operations during this period. Know what is available ahead of time by checking: harryreidairport.com/F1LV
- Know what can and cannot go through the security checkpoint. Visit www.tsa.gov to familiarize yourself with the latest security checkpoint policies and procedures or reach out via X/Twitter to @AskTSA or Facebook Messenger at fb.com/AskTSA.
- Review your airline's policies and potential charges regarding baggage. Avoid surprises at the airport by knowing the size and weight limits for baggage and the number of items you can check.

Be Prepared for the Unexpected

- Make sure to have essentials such as snacks, childcare items, medication, chargers, etc. in case of a delay or cancellation. The airline is the best source of information regarding updates on flight status and accommodations, should plans change.
