LOCATION

Strategically located to the south of Kettering town centre, the site runs along the A14 Trans-European freight route with direct access via Junction 9. The site is 23 minutes away from the M6 / M1 interchange which provides access to the Midlands and the South East.

Locally, the site is in good company with both Segro's Kettering Gateway and Tritax's Symmetry Park a moments' drive away.

DESCRIPTION

Positioned at the gateway to the UK's Golden Triangle, the site offers a rare and highly strategic opportunity for large-scale Industrial Outdoor Storage (IOS). The site provides seamless connectivity to the M1, M6, and A1(M) corridors - placing it within one of the most sought-after logistics zones in the country.

The Golden Triangle, encompassing parts of the East Midlands and stretching across Northamptonshire, Leicestershire, and Warwickshire, is renowned for its unparalleled connectivity, providing access to 90% of the UK population within a 4-hour drive time. Kettering's proximity to this logistics heartland makes it an ideal location for occupiers seeking efficient national distribution capabilities and accessibility.

The site itself features a predominantly tarmac surface and is fully serviced with water, drainage and power. Its prominent frontage along the A14 also offers excellent signage potential (subject to planning), enhancing brand visibility for logistics and industrial operators.
