

Core sectors: Residential projects

“Promoting residential sites and delivering planning permissions for our clients is a **fundamental part of the teams’ experience and ongoing workload**, ranging from 10 homes through to 2,000+ home mixed-use developments”

The UK is in the midst of a housing crisis, with a significant number of new homes needing to be delivered year on year. Our masterplanning team are experts in promoting and gaining planning permissions for residential-led developments in both greenfield and brownfield locations throughout England. We have created masterplans for sites including over **800 hectares of land supporting development of over 25,000 homes** in the last two years. Therefore, we have direct experience and a proven track record of delivering successful outcomes for our clients. Our recent key projects include:

Some key projects

- Cemex, Bramford, Ipswich, Suffolk, 200 homes
- BGL Group, Cobham, Surrey, 825 homes
- Heyhill, Earls Colne, Essex, 55 homes
- Suffolk Constabulary, Martlesham Heath, 200 homes

Our residential-led projects
