DIRECTORS' REPORT

The Directors present the half-year financial report on the consolidated entity (referred to hereafter as the 'Group' or "Admedus") consisting of Admedus Ltd and its controlled entities for the half-year ended 31 December 2016.

DIRECTORS

The following persons were Directors of the Company during the half-year and up to the date of this report:

Wayne Paterson
 John Seaberg
 Mathew Ratty
 Simon Buckingham (appointed 17 February 2017)
 Michael Bennett (resigned 17 February 2017)

Maja McGuire was appointed as the Company Secretary on 12 October 2016 and up to the date of this report.

PRINCIPAL ACTIVITIES

The principal activities of the Group during the half-year consisted of:

- Growth of the sales and distribution activities across infusion medical devices and the ADAPT® tissue portfolio particularly in the area of cardiovascular neonatal repair.
- Continued development of the Company's tissue product portfolio globally, with a focus on products that are near market and building a database of near and long term benefits of the ADAPT® tissue across a range of surgical applications.
- Operating and managing the Group's state-of-the-art tissue technology manufacturing facility as the facility scales-up production to meet growing demand for its current portfolio of products including CardioCel®, CardioCel® Neo and VascuCel® as well as developing the range of future products whilst reducing costs and improving yields.
- Ongoing work with Professor Ian Frazer and his team in the area of immunotherapies targeting a range of infectious diseases and oncology.

REVIEW OF OPERATIONS AND RESULTS

The consolidated operating loss for the half-year:

	31 Dec 2016 \$	31 Dec 2015 \$	Change
Group revenue from ordinary activities	12,241,195	6,568,181	86.4%
Loss from ordinary activities after tax	(6,837,941)	(13,598,520)	(49.7)%
Loss for the period attributable to members	(6,397,387)	(12,867,723)	(50.3)%

The loss from ordinary activities was \$6.8M and for the equity holders of Admedus the loss was \$6.3M, both an approximate 50% improvement on the prior corresponding period ('PCP'). Group revenues for the period were \$12.2M, up 86%, and the closing cash for the period was \$14.3M. The loss for the period reflects the Company's ongoing commitment to significantly growing revenues from existing products as well as to build future revenue streams across the Group through product development, ongoing R&D, market expansion and development, and cost containment.

Admedus delivered revenue growth of 86% during the period driven by its new strategy focused on sales growth, refining our product portfolio and bringing new products to market more quickly. Total revenues for the Group reached \$12.2M, driven by strong performances from both of the Group's revenue generation businesses and are on course to meet full year revenue expectations.

DIRECTORS' REPORT (continued)

ADAPT®, our leading regenerative tissue technology, achieved revenues of \$3.5M, up 51% PCP, as the company continues to roll out its products in North American, European, MENA region and Asian markets. The Infusion business in Australian and New Zealand delivered revenues of \$8.7M, up 103% PCP, driven by the implementation of the new Royal Adelaide Hospital contract complimented by strong sales across Infusion's product portfolio. These strong results provide leverage to continued future sales growth.

In addition to stronger sales for its infusion products and ADAPT® during the period, the Group also obtained FDA clearance, late in the half, and introduced VascuCel® in North America and also received market approval for CardioCel® in the United Arab Emirates (UAE), in collaboration with its regional partner Genpharm. Further, the Admedus team also achieved broader label expansion in Europe, which will continue to positively impact sales this financial year. At the 2016 AGM, Admedus also announced it would commence development of a new product for the +US\$5 billion transcatheter aortic valve replacement (TAVR) market utilising its ADAPT® technology.

The Company continued to invest in the work of Professor Ian Frazer. During the half, Admedus announced positive headline results from an interim analysis of unblended data from the first 20 patients enrolled in the Herpes Simplex 2 (HSV-2) Phase IIa study. Full results from the completed trial are expected during 2017. The immunotherapies team are also progressing a planned HPV related head and neck clinical study anticipated to be initiated in 2017.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

In the opinion of the Directors, there were no significant changes in the state of affairs of the Group that occurred during the half year not otherwise disclosed in this report and the Financial Statements.

During the half year the Group reached a binding agreement to settle the proceedings that had been commenced in the Federal Court by Dr Geoffrey Lane and Dr Keith Woollard (and entities associated with Drs. Lane and Woollard). As a result of the settlement, the Group owns 100% of Admedus' regenerative tissue technology as well as the Group entity Admedus Regen Pty Ltd.

DIVIDENDS

No dividend was paid during the half-year and the Board has not recommended the payment of a dividend.

EVENTS SUBSEQUENT TO REPORTING DATE

On 17 February 2017 Admedus announced the resignation of Executive Director Michael Bennett and the appointment of Simon Buckingham as Non-Executive Director.

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 31 DECEMBER 2016

1. SEGMENT REPORTING

Description of segments

Segment information is presented using a management approach, i.e. segment information is provided on the same basis as information used for internal reporting purposes by the chief operating decision makers (being the Board of Directors that make key strategic decisions).

Management has determined that there are five identifiable reportable segments as follows:

- Disposable medical product and medical devices distribution;
- Bio implant operations – inclusive of sales, distribution and manufacturing;
- Regenerative Medicine R&D – ADAPT® technology;
- Immunotherapies R&D; and
- Corporate.

Intersegment transactions

Sales between segments are carried out at arm's length and are eliminated on consolidation. The revenue reported below represents revenue generated from external and internal customers. The Group segment includes the elimination of intersegment sales.

Performance is measured based on segment result after tax.

Intersegment assets and liabilities

Segment assets and liabilities are those that are directly attributable to a segment and the relevant portion that can be allocated to the segment on a reasonable basis. Segment assets include all assets used by the segment and consist primarily of operating cash, receivables, inventories, property, plant and equipment and other intangible assets. Segment liabilities consist primarily of creditors and employee benefits.

11. EVENTS OCCURRING AFTER THE REPORTING PERIOD

12. BASIS OF PREPARATION OF HALF YEAR FINANCIAL REPORT

The condensed half-year financial report is a general-purpose financial report, which has been prepared in accordance with the *Corporations Act 2001* and Accounting Standard AASB 134 *Interim Financial Reporting*. The half-year financial report has been prepared in accordance with the historical cost convention. Compliance with AASB134 ensures compliance with IAS 34 *Interim Financial Reporting*.

This condensed half-year financial report does not include all the notes of the type normally included within the annual financial report. Accordingly, this report should be read in conjunction with the annual financial report for the year ended 30 June 2016 and any public announcements made by Admedus Ltd during the interim period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

For the purpose of preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

Accounting policies and methods of computation

The accounting policies and methods of computation adopted are consistent with those of previous financial year and corresponding half-year. The accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

Significant accounting judgements and key estimates

The preparation of half-year financial report requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and expenses. Actual results may differ from these estimates.

The significant judgements made by management in applying the group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial report for the year ended 30 June 2016.

Standards and Interpretations applicable to 31 December 2016

In the half-year ended 31 December 2016, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company and effective for the half-year reporting periods beginning on or after 1 July 2016.

As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Company and therefore no material change is necessary to Group accounting policies.

Standards and Interpretations in issue not yet adopted applicable to 31 December 2016

The Directors have also reviewed all of the new and revised Standards and Interpretations in issue not yet adopted that are relevant to the Company and effective for the half-year reporting periods beginning on or after 1 January 2017.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Admedus Limited

Report on the Condensed Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Admedus Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2016, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes, and the directors' declaration, for the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Admedus Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
