Manza Onsen (Tsumagoi Village) [C-2]

Manza Onsen is located at 1,800m above sea level and is one of the highest onsen resorts in Japan. The milky-colored spring water has traditionally been used for the effect of curing gastrointestinal diseases and nerve pains.

Ikaho Onsen (Shibukawa City) [D-4]

One of the features of this onsen resort is the stone steps at the center of the onsen resort. Here you can enjoy two types of onsen : "Kogane no Yu (Golden water)" , in which the iron contained turns the spring in brownish-red color, and "Shirogane no Yu (Silver water)" , whose gushing was discovered in recent years.

Shima Onsen (Nakanojo Town) [C-3]

This onsen is known for its effect that is said to cure 40,000 diseases. It was designated as the first Nationally Certified Onsen.

Sarugakyo Onsen (Minakami Town) [C-3]

Sarugakyo Onsen is situated beside Lake Akayako and holds a number of onsen ryokans and hotels. With its rich amount of the spring, many open-air baths can be enjoyed.

Minakami Onsen (Minakami Town) [C-4]

Minakami Onsen is located along the upper stream of Tone River, with the steep mountains behind. The clear and colorless spring water is effective for recovering fatigue and nerve pain.

Kamimoku Onsen (Minakami Town) [C-4]

Sodium sulfate spring is effective for curing high-blood pressure and nerve pain. It is said that drinking the spring water has an effect of curing diabetes and gout. Apples harvested in local are floated in onsen every autumn, and sweet fragrance of apples makes you more relaxing.

Katashina Onsen (Katashina Village) [B-5]

This hot spring is located near Oze, the largest marshland in Japan and offers a quiet environment. The spring is popular for its water which has an effect to soften the skin.

Oigami Onsen (Numata City) [C-5]

Oigami Onsen is situated in the natural surroundings of Katashina Gorge, along the road leading to Oze. The famous morning market, said to be the largest in the Kanto region, is held from April to mid-November.

Isobe Onsen (Annaka City) [E-3]

This onsen resort was formed when Mt. Asama-yama erupted about 220 years ago. It is known for the effects for gastrointestinal diseases.

Yabuzuka Onsen (Ota City) [E-5]

This onsen has long been used for treatment of diseases. There are many noted places of historic interest around here.
