Shima Onsen * Tourism Guidebook

Here you will find a fantastical azure lake and mystical springs said to heal forty-thousand ailments.

Take a Stroll through Shima

Shima Onsen is a hot spring region located in the north-west of Gunma Prefecture, inside Jōshin'etsu-kōgen National Park. Surrounded by nature and with the old-time hot spring spirit still very much in evidence, Shima Onsen is home to the stunningly azure Lake Okushima and mystical springs said to heal no less than forty-thousand ailments. There are so many ways to enjoy yourself here! Take a stroll while enjoying clear-running waterways and waterfalls, enjoy outdoor activities amid the beauty of nature, experience Japanese culture in a hot spring town straight out of a bygone era, and soak to your heart's content in hot spring water. Rest and recover from your everyday exhaustion with wonderful experiences that you can only have here!

You really
CAN drink
hot spring water?

Take your time with a relaxing hot spring tour.

Shima Onsen is the first ever designated National Hot Spring Health Resort.

The beginnings of Shima Onsen are said to lie during the reign of Emperor Kanmu (approximately 1150 years ago), when Shogun general Sakanoue no Tamuramaro came here to conquer Emishi groups and bathed in this area. It is also said that, in the year 989, one of the four Buddhist Four Heavenly Kings of Minamoto no Yoritomo, Hyuga-no-kami Usui Sadamitsu, was visited by a spirit while chanting his sutra and told "I give you the mystic waters that will heal 40,000 ailments." As a result, he did indeed discover a hot spring, and named it Gomuso-no-Yu, "Waters of the Dream," in recognition of the message he received. In more modern times the region has been a favorite spot of many famous writers, including Akiko Yosano and Osamu Dazai. In 1954 it was designated as the first ever National Hot Spring Health Resort.

National Designated Important Cultural Property

Hinatami Yakushido Hinatami District

The Yakushido is dedicated to Bhaishajyaguru, the Buddha of healing and medicine, and is a building from the late Muromachi period (1333 - 1573) which was designated as a nationally specially protected building (national treasure) in 1912. Subsequent to the changes in the law after the war, it then became a national designated important cultural property. The main building makes excellent use of molding, and is a reserved, quiet, and rare example in Japan of Chinese-style architecture.

Yakushido Ema

This unique "ema" (a votive picture tablet used in Shinto) shows six priests standing in front of the Yakushido playing drums, pipes and other instruments, while another priest prepares ceremonial water. The rite involves boiling water in a large cauldron and using it to purify, avert disaster, and pray for happiness. This particular ema can be viewed at the Nakanojo Museum of Folk and History "Musée".

Spring, summer, fall and winter - the four very different faces of Shima Onsen

Refresh your body and mind!

Take a leisurely walk around the beautiful hot spring town.

Shima Onsen is comprised of five hot spring districts along the valley of the Shima River. The river takes the Joetsu watershed as its source and boasts water quality equal to the Shimantokawa River of Kochi Prefecture. It is also a place where you can enjoy all of the vivid brilliance of nature, with Oketsu (Giant's Kettles) formed over tens of thousands of years and stunning tumbling waterfalls. It is truly the perfect place to take a stroll while listening to the birds sing. One of the most appealing things about a trip to Shima Onsen is that it allows you to bathe in both water and forest - sometimes at the same time!

Maya Falls

Maya Falls is located in the deepest part of Shima Onsen, on the Hinatami River which is also the water source for Shima. With a height difference of around 20m, the tumbling water has a clean beauty. A legend tells how a beautiful princess was led to meet with a bold young man here.

Ogura Falls

Ogura Falls is worthy of its reputation as a beauty spot, a striking waterfall with a feminine and attractive appeal. Multiple white streams running over the surface of the rock and the refreshing sound of the water really are something else. The green of summer and crimson of fall are beautifully reflected here, and during flower season azaleas also bloom here.

Lake Okushima

Lake Okushima is located in the deepest part of Shima Onsen, Gunma Prefecture, and is a dam lake formed by the Shimagawa Dam. The water that collects here is of mysterious blue color. The reason the water of the Shima River and that of Lake Shima a little downstream is so blue, is because of the water here.

Momotaro Falls

Located where a mountain stream sourced from Karakuribara, a region located between Shima Onsen and Sawatari Onsen, flows into the Shima River. A great view of the falls is provided from the side of the road around 30m back from the Shima Onsen sign board by the Shima Bridge. "Momotaro" comes from traditional Japanese folklore, but it is not known why these falls were given this name.

Oketsu (Giant's Kettles)

There are massive holes in the riverbed of the Shima River. The flow of tens of thousands of years and the laws of nature have served to open a total of eight of these holes, called Oketsu (Giant's Kettles), in varying sizes. The largest has a diameter of 8m and a depth more than 3.2m. These carvings of nature are designated by Gunma Prefecture as natural monuments.

Recommended Model Route

Enjoy touring Shima on a rental bicycle

1 night 2 days

Day 1

START

I set off on my electric rental bicycle!

Okirikomi and Yaki-manju - two specialties of Gunma!

Arriving at Shima Onsen around noontime, the first order of business is to find something to eat. There are places in the hot spring town selling the famous Gunma Okirikomi udon noodles and Gunma's soul food - Yaki manju. These delicious treats are first steamed and then roasted with a sweet Miso sauce, a taste you'll be hooked!

Found a prefectural designated natural monument!

Oketsu (Giant's Kettles)

After recharging the mind and stomach, time for a bit of exercise. The Oketsu (Giant's Kettles), located around 3km from the hot spring town, is an incredibly refreshing natural spot. The gradation of the Shima River can be wonderfully observed here, with the water appearing blue where its deepest and translucent where its shallow!

Take a relaxing break in a café surrounded by nature!

In the Gallery Café

This liberating gallery café is located right by the Oketsu (Giant's Kettles). Take a break while enjoying all nature has to offer - greenery in the summer and crimson leaves in the fall!

Rental Bicycles

Bicycles make the perfect way to get around Shima Onsen, with their tight turning circles! An added electronic assist function makes going up the hill easy too. As well as rental bicycle stores, bicycles can be rented as some of the hotels and restaurants also.

Main Rental Location

- Rental-Shimanoeki Tel: ☎090-3530-3489
- Charge: 1 hour ¥500, overnight ¥3,000

- Number of Bicycles: 4 (bicycles with electric assist function)
- Rental Times: 9:00 - 16:30

Feels great on tired feet! Yamaguchi Kawane-no-Ashiya

After returning to the hot spring town from the Oketsu (Giant's Kettles), soothe your tired feet in the Yamaguchi Kawane-no-Ashiya foot bath. Sitting surrounded by nature and with the river trickling past, makes you forget the passage of time.

Shima River

Shima blue is so beautiful!

On the way back to the hot spring town, there is a spot of stunning beauty! Feel spellbound for a moment by the Blue color of the Shima River sparkling between the trees. The combination with the fall leaves is also beautiful. For the location, look for the hotel guide sign board in front of the Shima Ohashi Bridge.

Check-in at lodgings! Ready for day 2!

Day 2

Using the rental bicycle on my second day too!

After fully enjoying the hot springs, and relaxing so completely, head from the hot spring town to Lake Okushima. The distance of around 3km is quite hilly, but trusty electrically assisted bicycle makes it easy! Lake Okushima shows a variety of faces depending on the season and time of day, but morning during the green times of the year is particularly recommended!

The wind feels so good! Lake Okushima

Stretch your legs a little! Shakunage Falls

The 4km walking route around Lake Okushima is perfect for cycling. Search for your own best shot of Lake Okushima as you make your way round! You will also come across Shakunage Falls, a great spot to stop and absorb some negative-ions.

Found Foot baths and café around the National Important Cultural Property!

Hinatami Yakushido

On the way back to the hot spring town from Lake Okushima, take a little detour and visit Hinatami Yakushido! They say the waters that source Shima Onsen originate from beneath the main building here. Take a break while breathing in the history of Shima Onsen. This is also a beautiful spot for cherry blossom in the spring!

Searching for souvenirs in the hot spring town!

Taking a break in a nearby café! This will look great on my Instagram!

Hot Spring Street

There are all sorts of souvenirs to be found, including confectionery, local sake, local beer, and charming folk handicrafts all unique to Shima Onsen! You will surely find the perfect way to remember your stroll through Shima!

GOAL

Incredible scenery!

Ogura Falls

A small waterfall not even 1km from Hinatami Yakushido! The charming Koizumi Falls, which can easily be viewed from a roadside pavilion, offers delightful views of greenery during summer and crimson foliage during fall.

I've found delicious treats and great souvenirs!

Let us take a stroll around the stores.

Even a single Onsen Manju is packed with carefully selected ingredients, all bursting with the blessings of nature. Walk through a town most welcoming and find a little reward for yourself.
