THE BASIC KNOT

There is only one basic knot you need to know to make a friendship bracelet.

STARTING YOUR BRACELET

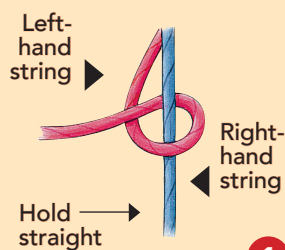

What you need:

Four colors, each 25 inches long (63 cm).

Tie a knot about 1-1/2 inches (4 cm) from the top.

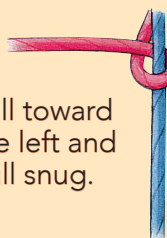

Hold the right-hand string tight and knot the other around it.

Pull toward the left and pull snug.

2

Repeat so you have a double knot.

THE BASIC DIAGONAL STRIPE

This whole bracelet is made with the basic knot!

1

Start with string 1 (green) and loop it over and then under string 2 (yellow). Hold string 2 (yellow) straight (this is important) and pull the knot snug.

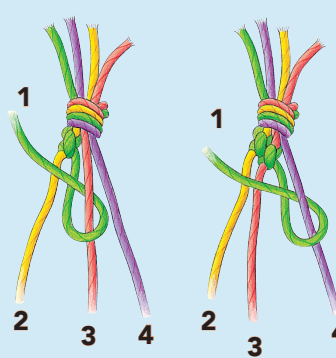

2

Do step 1 a second time so you have a double knot.

3

Now take string 1 (green) and make double knots around each of the remaining strands (red and blue), left to right.

4

Now do the same thing again. Start with the far left strand (yellow) and tie double knots, left to right, all the way across the other colors.

5

Keep going until the bracelet is as long as you would like it.

6

Gather the strings and tie a knot to secure them. Trim the ends to about 1-1/2 inches (4 cm).
