DIY Farmhouse Sign

What you need:

- Wood or Canvas
- Pencil
- Tape
- Sharpie Oil Based Paint Markers - Fine & Medium Tip

STEP 1 – Type words you want on your sign in word processing program and print them out in the size you need.

STEP 2 – Turn the paper over and using chalk, colour over the entire BACK side of where the text is printed.

STEP 3 – Flip over to the right side of your paper and tape where you want the word to be on your sign.

STEP 4 – Use a pencil to draw along the outline of your text. (Carefully lift an edge to make sure chalk is transferring onto sign well. If not, change pen type or make sure the chalk really covered the area on the paper well. Once you have text outlined in the font you chose, remove the paper.

STEP 5 – Using the pencil transferred outline, colour in with your Sharpie Paint market in the colour of your choice.
