

A Land and Water Map

This picture shows different kinds of land and water.

1. Find the river. Colour it blue.
2. Find a body of water with land all around it. Write "lake" on it.
3. Find the hills. Colour them light green.
4. Find the flat land. Write "plain" on it.

This map shows land and water, too.

1. What does  mean? _____

2. Is the lake to the east or west of the river? _____

3. Are the mountains to the east or west of the hills? _____

4. Write a place where you can do each thing.

climb _____ run _____

swim _____ fish _____
