

Sparkle Kitchen

Easy Popcorn Balls

(Makes about 20 golf ball sized popcorn balls)

Ingredients

½ cup brown sugar

4 cups miniature marshmallows

¼ cup (½ stick) butter

4 quarts popped popcorn (takes about ¼ pound un-popped kernels)

Directions

Melt the brown sugar, marshmallows, and butter in a large saucepan, stirring constantly. Using the biggest bowl you have, pour the marshmallow mixture over the popped popcorn and mix well. Using clean, buttered or oiled hands, form the popcorn into balls. Place the balls on waxed paper to cool, and store in an airtight container or wrap individually in plastic wrap for trick-or-treaters.

Happy Halloween!
