CATALOGUE 2019

MIDLAND®

ANNIVERSARY
1959-2019 | 6 YEARS

13 YEARS OF INTERCOM COMMUNICATION.

Since 2006, Midland has specialized in motorbike communication products.
After the launch of the revolutionary firmware **MWE** in 2018, which eliminates background noise,
Midland introduces an important innovation in 2019.

MMC™
MIDLAND MESH CONFERENCE

Midland Mesh Conference™ is the technology that allows full-duplex intercom communication between up to 10 people at the same time.
Each user can exit from the conversation and join it again whenever he desires, through an automatic connection with the complete group without "chains".

BT MESH.

THE INTERCOM WITH MMC™ TECHNOLOGY
Communication between up to 10 bikes in Conference mode,
Up to 1.4 Km.
Compatible with every Midland model via Bluetooth.
Compatible with other brand models through the Universal Intercom function.

BT _MESH_

THE INTERCOM WITH MESH TECHNOLOGY

Bluetooth 4.2 DUAL CORE

DIGITAL NOISE KILLER	NOISE GATE	EQUALIZER
CONFERENCE 10 PEOPLE	ONE-TO-ONE 4 PEOPLE	UP TO 1400 M*
UNIVERSAL INTERCOM	STEREO /GPS BACKGROUND	AUTOMATIC GAIN CONTROL (AGC)

DUAL CHIPSET

DASHBOARD COMPATIBLE

WITH HI-FI SUPERBASS SOUND SPEAKERS

Midland BT Mesh exploits MMC™ (Midland Mesh Conference) technology, which allows intercom conference calls between up to 10 people/bikes.
Each user can drop out of the conversation and rejoin when they want, automatically connecting with the whole group without "chains".
Midland BT Mesh also allows up to 4-way one-to-one communication.
Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Ducati, etc.).

RANGE: UP TO 1.4 KM*
BT Mesh has a range of 1.4 km*.

UNIVERSAL INTERCOM (TALK2ALL) FUNCTION
Compatible with current Midland Intercoms via Bluetooth, Midland BT Mesh has
1 connection for pairing with intercoms of other brands.

BACKGROUND STEREO
It is possible to talk on intercom and listen at the same time to the GPS indications or your favorite stereo music in the background.
You can also share music and GPS with your interlocutor (via Bluetooth).

SETTING VIA PC OR APP
Update and configure BT Mesh via micro USB jack from your PC or Mac. Use BT Set Android App to customize your settings.

MORE FEATURES...
·   Music Share
·   FM radio with RDS, 6 preset stations
·   Status voice messages
·   VOX
·   Connection with 2 mobiles at the same time
·   Slide-in and bi-adhesive fixing system
·   Waterproof IPX6

PACKAGING AND CODES
Device, boom and wired microphone, slide-in clamp and double-sided adhesive fixing system for all helmet types, audio kit with Hi-Fi speakers, wall charger and USB charging cable.

WITH SUPERBASS SOUND HI-FI
SPEAKERS AND BTT BUTTON

* With clear line of sight and no interference

Thanks to the BTTalk app and BTT Button included, **there are no more limits on user numbers and distance.**
Bluetooth 4.2 technology with dual chipset allows conference calls between up to 4 bikes, including riders and passengers (8 people); the one-to-one intercom system offers an impressive 6-way conversation.
All this in Full Duplex mode, with digital quality, DSP noise suppression system and AGC (a user-settable system you can disable) to control volume automatically according to background noise.
Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Ducati, etc.).

UNLIMITED COMMUNICATION
Download the BTTalk app for free and install the BTT Button (included) on your bike's handlebar to communicate without limits of user numbers and distance.

RANGE: UP TO 1.6 KM*
BT Next Pro UR (without the aid of the app) has a range of 1.6 km*.

UNIVERSAL INTERCOM (TALK2ALL) FUNCTION
Midland BT Next Pro UR has **two connections** allowing pairing with other brand intercoms.

BACKGROUND STEREO
Talk over the intercom while listening to GPS directions or your favourite stereo music in the background. You can even share music and GPS navigation with the person you're talking to.

SETTING VIA PC OR APP
Update and configure BT Next UR via micro USB jack from your PC or Mac. Use BT Set Android App to customize your settings.

MORE FEATURES...

BT *TALK 2.0*
THE APP FOR GROUP COMMUNICATION

FOR IOS 8.1 AND LATER
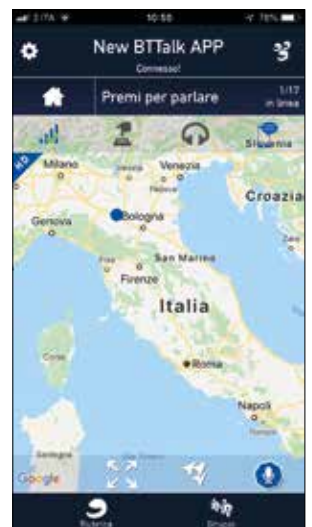

FOR ANDROID 4.3 OR LATER

NO RANGE LIMITATIONS

NO USER NUMBER LIMITATIONS

LOCATION ON MAP DISPLAY

UNLIMITED COMMUNICATION AMONG RIDERS WITHOUT COSTS

With the BTTalk (for iOs and Android), you can create groups of friends, with no limitations of number and distance*, to talk only to them wherever they are and check their location on the smartphone map.
Find out just how easy it is to use and set up the BTTalk app: download BTTalk to your iOs or Android smartphone; create a group; select the group members from your contacts; communicate safely and securely.
If you have a TIM account, the data you use to communicate with the App is free.

BTTALK VERSION 2.0. NEW FUNCTIONS
· New interface
· Improved audio quality
· Easier setup
· Map zoom feature
· Group invitation with notification
· Communication priority for administrator (Motorbike riding school)

* the service works best under 3G/4G coverage

BTT *BUTTON*
BUTTON FOR THE BTTALK APP

WATERPROOF

EASY PRESS

PUSH THE BTTALK BUTTON ON THE HANDLEBAR TO TRANSMIT AND TALK/LISTEN THROUGH THE INTERCOM. DESIGNED TO COMMUNICATE SAFELY, WITHOUT TAKING YOUR HANDS OFF THE HANDLEBAR

You transmit by simply pressing the wireless BTT Button, which is compatible with all the latest generation smartphones (iOs and Android). With BLE (Bluetooth Low Energy) technology.
Ergonomically designed to not interfere with your grip on the handlebar while riding, while the silicone strap allows immediate fixing/release.

WATERPROOF AND VERY LOW CONSUMPTION
Fully waterproof, BTT Button is impervious to the elements and mud. Moreover, its very low consumption guarantees almost unlimited use without having to charge the battery!

PACKAGING AND CODES
Communication button with silicone strap to attach/detach it to/from the handlebar.

DASH CAM

RAINPROOF

Bike Guardian is the first motorbike camera assuring continous recording thanks to its rainproof power cord.
Bike Guardian, the new motorbike camera with **Full HD** resolution, designed and built to be another "eye" that records everything that happens while you're riding.
Highly useful in the event of an accident to prove who was involved and who was to blame Once plugged into the motorbike's USB socket, **it starts recording automatically when the bike is switched on and turns itself off when the bike is switched off.**

Bike guardian can also be used as a traditional **action cam** and, thanks to its integrated battery, allows up to 2 hours recording.
Built-in microphone.

RAINPROOF
Plugged into the bike's socket using the cable provided, Bike Guardian is designed to withstand the elements, mud and dust, delivering uninterrupted video footage.

PACKAGING AND CODES
Camera, lock mount, handlebar Mount, bi-adhesive flat Mount, bi-adhesive curved Mount, quick Mount, USB cable, USB rainproof cable, wrist belt.

MIDLAND *H5+*

UHD BEST SELLER

ULTRA HD

WI-FI	SUBMERSIBLE CASE 30M	2" LCD DISPLAY	VIDEOS/PHOTOS
CAR DVR	TIME LAPSE	WIDE ANGLE 140°	ALL ACCESSORIES INCLUDED IN THE PACKAGE

The very small dimensions, weight - only 60 gr. - practicality and 3840X2160@25fps resolution make H5+ perfect for the needs of all athletes and outdoor enthusiasts.

BUILT-IN 2" LCD SCREEN

Midland H5+ has a built-in display for framing your shot, easily adjusting settings and previewing videos and photos.

CAR DVR FUNCTION

Featuring Cycle recording, it is easily installed in the car and can continuously record what is happening while you drive.

TIME LAPSE

Produces exceptional videos with the advanced Time Lapse function (photo sequence at a time interval).

WIDE ANGLE

Fitted with 140° wide-angle lens for excellent videos.

30M SUBMERSIBLE CASE

The submersible case supplied protects the action cam from water up to a depth of 30 meters, but also from mud and dust.

WI-FI

Thanks to the built-in Wi-Fi, Midland H5+ connects to both smartphones and tablets for watching, replaying and sharing footage and tablets to see, watch again, and share movies and photos with the dedicated App "Ez i Cam" (iOS and Android).

PACKAGING AND CODES

Camera, 30m submersible case, Li-Ion 1050mAh battery pack, USB cable and 20 elements you can combine to create the best mounting solution for your requirements (ex: helmet support, bicycle helmet, etc).
code C1208.02

WARRANTY

All our products are covered by a 24-month warranty provided they are sent to our **Technical Support Centres** together with the relevant tax receipt.
Contact your local **Authorized Dealer**, who will tell you where the nearest **Service Centre** is located.

NB: we accept returns of goods only if carriage paid and prior authorization from the **Sales Dept.** (0522 509411) or **Customer Technical Support Dept.** (0522 509535)**.** The lack of said authorization will cause the products to be immediately returned to the sender.

CERTIFICATIONS

ETSI: CTE International is a member of ETSI - European Telecommunications Standards Institute - which it helps define standardised technical specifications for Telecommunication products and services.

ISO 9001 2015: for the design, production and installation of telecommunication equipment and systems for industrial, military, civil, marine and consumer use.

ANITEC-ASSINFORM: CTE International is part of the ANIE Federation research and innovation commission, a member of Confindustria and represents the electro-technical and electronic business operating in Italy.
