# Conexus

The future of modular living: Adaptable, Efficient & Health-Centered

🛏 1 – 5 Bedroom   📐 500 – 2,500 square feet

Starting at $165,000   Compare models

Why choose Conexus?

- **Health-Focused Design**
  Integrated technology for well-being.

- **Flat-pack efficiency**
  Easy to assemble and cost-effective.

- **Sustainable Materials**
  Eco-friendly for a greener future.

- **Customizable Layouts**
  Built to fit your lifestyle.

Elements of the **CLiC system** can be stacked and configured in various ways to create <u>2-bedroom</u> and <u>3-bedroom</u> layouts. The homes can be arranged into <u>1-story</u> or <u>2-story</u> buildings, and pieces (rooms) can be added or subtracted as needed to get the ideal function and size of the home. Each element is priced as a whole piece, so it is easy for anyone buying in bulk or individually to know the cost of their configuration up front, making it easier to test the feasibility of a project.

Basic 1 Bedroom

🛏 1 Bedroom   🛁 1 Bathroom   📐 500 SF

A compact, 500-square-foot modular home with 1 bedroom and 1 bathroom, designed for modern, affordable living. Perfect for individuals or couples seeking sustainable simplicity.
