

Home cleaning

Our home cleaning includes the following cleaning services as a standard in all rooms:

- Vacuuming of floors, moldings, electrical sockets, radiators, carpets and upholstered textile furniture.
- Mopping of floors or other types of cleaning according to agreement.
- Wipe off doors and frames where we can access.
- Dry dusting of windowsills and free surfaces.
- Dry dusting of lamps, shelves and picture frames that we can access.
- Dry dusting of electronics (not the screen).
- Mirror polishing.
- Make the beds.
- Empty and wipe rubbish bins.

Kitchen

- Cleaning of the sink and kitchen counter, stove and wall behind stove and sink.
- Cleaning microwave interior and exterior.
- Interior and exterior cleaning of cabinets where rubbish bins are located.
- Wipe off kitchen doors.
- Wipe off the kitchen fan and the outside of other appliances.
- Emptying the household rubbish.

Bathroom

- Cleaning of bathtubs, showers, sink and toilet.
- Wipe off stains from walls.
- Wipe off bathroom cabinets and appliances.

Things for you to bare in mind as a home cleaning customer.

- To get the best cleaning results, we recommend that scattered items are removed in the home before we arrive. By doing so, we can focus on the cleaning during our assignment.
- Remember to always have an up-to-date cleaning description and update us regularly about any changes.
- Notify us of any sensitive objects or materials (eg marble).
- We only use our own cleaning detergents to be able to clean both efficiently and gently.
- As a customer, you are responsible for washing the microfiber cloths between cleaning occasions.
- Please make sure your vacuum cleaner (not a portable hand-held vacuum cleaner) is in good condition and has all necessary nozzles.
- For work environment reasons, we only clean as high as we can reach without a ladder and we do not lift or move any heavy furniture.
- Washing and ironing are additional services - please ask us and we can plan for it.
- Remember to use the Hemfrid App where we have gathered most important information and please give us feedback on our services.
