

Media Parking Notification

Effective January 1, 2024: Members of the media are asked to park in the following areas when requesting access to the Terminal at the Cincinnati/Northern Kentucky International Airport.

1. When on site anywhere at CVG Airport (not only the Terminal), you must obtain clearance from CVG's communications and media relations department by dialing 859-767-6397 or reaching out to Mindy Kershner at mkershner@cvgairport.com or 859-206-1057. This team then alerts CVG security of your presence on property. Please reach out with any questions.
2. **Directions for parking access to the Terminal:** Heading in either direction on Donaldson Hwy/236 turn onto Lincoln Road. Continue straight past the CVG Airport Police Department. Just before the airfield turn right and then immediately left to head into the Commercial Vehicle Lot in Ground Transport East.
3. There are a number of spots in the Commercial Vehicle Lot. When you arrive, you can alert the CVG communications team of the spot number you are parked in. The team will then have a public safety assistant or police officer dispatched to the space to perform a vehicle inspection. If you arrive in the early morning (4:00-7:00am), you can dial the airport operations center at 859-767-7777 to ask for someone to inspect your vehicle.
4. Once the inspection is complete, enter any of the zone doors to manage media business at the airport. It is recommended to place a sign on the dashboard noting you are a member of the media when not in a clearly marked vehicle.
