SUPPORTER MESSAGE

Ahead of this match, the club reminds supporters that any pitch incursion, the use of pyrotechnics or discriminatory behaviour, including but not limited to, illicit singing, chanting, or the display of offensive banners, will lead to serious consequences for the club and may result in the arrest of those responsible.

Supporters are reminded that Rangers may be held liable for any damage caused within away sections, with such incidents carrying both financial and reputational consequences for the club.

This match, as indeed any other, should be seen as an opportunity to show the very best of the Rangers support, and avoid any opportunities for the name of the support, or the club, to be brought into disrepute.

We call on our travelling support to back the team in the right manner and prove once again what a force for good the Rangers support can be.
