COVID INFORMATION:

All information provided below is correct at time of sending, please refer to government web pages for the most up to date information.

France Entry Requirements

Entry restrictions and isolation rules vary by country, vaccination status and are constantly changing as the Covid-19 situation progresses. Please check the links below for the up-to-date requirements for travel to and entry to France to ensure your eligibility status.

<https://www.gov.uk/foreign-travel-advice/france/entry-requirements>

The current rules stipulate that if you are unvaccinated then you are only allowed to travel to France for essential reasons and you are required to self-isolate for 7 days upon arrival. As sporting events are not considered essential and there isn't the time to isolate before returning, you will be unable to travel if unvaccinated.

If you are fully vaccinated, you will be required to complete a 'sworn statement' (déclaration sur l'honneur) form self-certifying that you are not suffering from symptoms associated with coronavirus and have not been in contact with confirmed cases in the preceding fortnight. This can be found on the French Government website. You will need to scroll down the page to below the world map and select "Travel to/from an Amber list country" and then "You wish to enter Metropolitan France". The form to complete is there called Travel Certificate to Metropolitan France.

<https://www.interieur.gouv.fr/Actualites/L-actu-du-Ministere/Certificate-of-international-travel#from4>.

As of the 4th December, fully vaccinated travellers (aged 12 years or over) must show proof of a negative COVID-19 test result from either a PCR or antigen test. Tests must be taken no more than 48 hours before travel for vaccinated travellers. Self-administered tests are not accepted.

Many countries allow proof of recent recovery of Covid-19 to enable eligibility for entry however the rules released by the French government don't mention prior recovery from Covid-19 and therefore it is considered that only being fully vaccinated makes you eligible for entry without the requirement to isolate.

Children aged 11 or under do not need to take a COVID-19 PCR or lateral flow test before travelling to France.

Children aged 12 years old or over who are not fully vaccinated and travelling to France with a fully vaccinated adult are required to present a negative test result (PCR or antigen). However, they do not need to provide an essential reason for travel, nor do they need to self-isolate on arrival.

Children aged 12 years old or over who are unvaccinated and travelling alone to France are subject to the same conditions adults who are not fully vaccinated and therefore will be unable to travel.

UK Entry Requirements

If you are fully vaccinated, you will be required to self-isolate upon return to the UK and take a Day 2 PCR test. You may stop isolating only upon the result of a negative PCR test result. The day you land back in the UK is classed as Day 0, you may take the 2-day PCR test on or before Day 2.

Prior to travel you must book your Day 2 PCR test and complete a passenger locator form.

As of 7th December, if you're aged 12 or over, you need to take a COVID-19 PCR or lateral flow test up to 2 days before you depart for Scotland. You'll need to provide proof that the result of this test was negative to be able to board your flight.

Supporters travelling will be required to fill in a passenger locator form prior to departure. You can find all information, including the link to complete the form, below:

<https://www.gov.uk/provide-journey-contact-details-before-travel-uk>

You can complete your passenger locator form any time in the 48 hours prior to departure. On it you will be required to enter:

- Your COVID-19 day 2 test booking reference/invoice number provided in your test order confirmation email
- Your flight details
- The address you're staying at in Scotland

Children aged 11 or under do not need to take a COVID-19 PCR or lateral flow test before travelling.

All children under 18 are counted as 'fully vaccinated' when they arrive in Scotland. This applies:

- even if they have not had a COVID-19 vaccine
- no matter which country or territory they normally live in

After arriving, children aged 11 to 17 need to take a day 2 PCR test.

Children under 18 do not need to isolate, unless they've been in a red list country or territory in the 10 days before arriving in Scotland.

CITY CENTRE INFORMATION:

Supporters should be aware of a significant police presence in the city centre due to the festival of lights that is taking place in Lyon at this time. They have advised that any anti-social behaviour will not be tolerated.

EVERYONE ANYONE

Rangers is proud to be a modern, diverse football club where people from all backgrounds, cultures and communities can unite to celebrate and support a common cause – our ground-breaking diversity and inclusion campaign 'Everyone Anyone'.

Our Everyone Anyone campaign represents our core values and sends a clear message of inclusion, togetherness and zero-tolerance to all forms of discrimination – on and off the pitch.

We feel it is the responsibility of everyone associated with the club – fans, players, staff and the wider community – to help create a positive environment where our differences are celebrated, our shared bond is our love of Rangers and no one is excluded.

FANS CHARTER:

- Acting as an ambassador for Rangers at all times by being respectful, tolerant and inclusive
- Raising awareness of the Everyone Anyone diversity and inclusion campaign
- Appreciating that despite our many differences, we are all united in our support for Rangers
- Respecting supporters and groups who share contrary views and beliefs
- Acknowledging we should all feel safe, welcome and wanted at Rangers matches
- Recognising the barriers people may experience because of their identity
- Standing up and being an ally for those who experience discrimination
- Rejecting pre-conceived stereotypes about Rangers fans, players and staff and their identities
- Assisting Rangers to showcase our varied fanbase by setting a positive example at matches
- Accepting there is no place in society for bigotry, racism, sectarianism or homophobia
- Reporting discriminatory language and behaviour whenever I witness or experience it
- Being aware of how my behaviour and language might impact on others
- Understanding there will be sanctions for discrimination and anti-social behaviour
