

Support Resources for Prescribers

InnovatePA Website

- Use this website for easy access to training and education resources.
- Access by using the IPA button on your desktop or use the Mozilla Firefox program as your internet browser. www.innovatepa.com.au.
- Click on the MARS button for everything MARS.
- During MARS Go Live, click on the MARS Go Live button for all updates on any topic.
- Click on the QRG button to see the Quick Reference Guides for Doctors. Use Control-F to search for a keyword eg to search for “blood”, hold down the Control key then click F. This opens a search window. Type in key word to see which documents have that word in the title.

Quick Reference Guides (QRGs)

A QRG is a set of basic instructions for ieMR functionality. A QRG does not replace the official hospital Procedure or Business Rule. QRG documents are located on the QHEPS PAH [Digital Hospital](#) site.

Quick Reference Videos (QRVs)

A QRV is a short video to provide basic instructions for ieMR functionality.

Training and Education Videos

Videos have been produced for processes and workflows which need additional education and awareness. These are available under the Videos button on InnovatePA / QRGs / Doctor QRG page

Training Practice Labs

Visit the Digital Hospital Training Practice Lab in the library open area. Drop-in sessions are available 7am -3.30pm, Monday to Friday with a Digital Hospital/MARS trainer available to provide support.

Web Based Training

You can practice your Web Based Training (WBT) modules anytime. Go to LEAPOnline leaponline.learnflex.com.au.

24/7 Support Hotline ext 8800

**Support is available by phone and in person, for all areas and services,
from your Go Live date for as long as necessary.**
