Coaches must show order of go for their teams on the entry blank. **Teams will go as drawn by representatives or a show official. Drawing will be held during the Parade of Teams.** For the first round the first rider from each team will go first, etc. The order of go for the final round will be determined by the total team faults accumulated during the first round and the team with the greatest number of faults will go first. For the second round, the number of teams may be limited to 8 teams per division, except where ties need to be broken.

AWARDS PRESENTATION

A Formal Awards ceremony will be held on Sunday afternoon following the last ride. The top 3 teams in each division are requested to participate on foot in show attire. The Charles E. Kinney Jumper Style Award will be presented during this time.

PARADE OF TEAMS

The Parade of Teams will take place prior to the start of the Prix de Villes Team Jumper competition. All teams are asked to be present on foot in full show attire. Photographs will be taken.

SCORING FOR TEAMS

USEF Table 2.2(a). Best three performances out of four to count for each team. Scores from both rounds will be totaled and the team with fewest faults will win.

TIES FOR TEAMS

In case of equality of faults for first, second, or third place, one Junior or Amateur from each team in the tie (to be chosen by coach) will compete in the jump off. If there is an equality of faults in the jump off, the rider with the best time will win. Riders for all teams in the jump off must be chosen before the first rider in the jump off begins.

INDIVIDUAL CHAMPIONSHIPS

The individual champion will be a Junior or Amateur rider who has accumulated the least number of faults in the two rounds of team competition. In case of ties for first, second, or third place, there will be a jump-off over a shortened course. In the event of equality of faults, time will be the deciding factor. If there is a rider competing for individual championship that is also chosen as the rider to break the tie for the team, the rider will only jump off once. That jump-off score will count as the individual and team score.

COVID-19 ACTION PLAN

And EMERGENCY RESPONSE PLAN

April 1-3, 2022 HJ Prix de Villes

George M. Humphrey Equestrian Center
8031 Morley Road, Mentor, OH 44060

lec.edu/equineevents

We recognize the huge responsibility that comes with hosting equestrian competitions. We take this responsibility very seriously and we are working hard to ensure that our dressage shows operate safely and successfully.

We are committed to providing a safe and fun experience for our competitors, especially in consideration of (COVID-19) restrictions.

In conjunction with local, state and federal recommendations and mandates, including those from the World Health Organization (WHO), Centers for Disease Control and Prevention (CDC) and United States Equestrian Federation (USEF), Lake Erie College has revised our earlier COVID-19 protocols. We have implemented the following guidelines in addition to our own regular stringent standards, to alleviate the potential impact of COVID-19 and to ensure that our horse shows are smooth, efficient and most importantly, safe for all involved.

Thank you in advance for abiding by these guidelines!

ACTION PLAN OVERVIEW

USEF has developed a comprehensive approach to returning to competition in 2022 with appropriate COVID-19 protocols. We have used these guidelines as the basis for our plan. In addition, we have utilized the WHO Risk Assessment to measure the effectiveness of our planning efforts. With the use of this Risk Assessment, we have determined that we are operating at a low risk level. View the current USEF Coronavirus Disease Updates and Resources information [here](#).

Lake Erie College is operating in accordance with all of the most current CDC and State of Ohio health orders regarding COVID-19.

Everyone entering the competition grounds is required to self-monitor their temperature once-daily prior to entering the competition grounds. Anyone with a temperature of 100.4° F (38° C) or higher may not enter the facility. All persons must be able to attest to their own health status with regard to potential symptoms of COVID-19 or exposure.

If you are not feeling well or have any symptoms of illness, please stay home!

FACE MASKS ARE REQUIRED INDOORS, including in the George M. Humphrey Equestrian Learning Center. FACE MASKS ARE RECOMMENDED BUT NOT REQUIRED in our barns and arenas.

A participant may choose to wear a facemask or face covering when mounted on a horse and cannot be disqualified or penalized for doing so while competing.

In accordance with the current health recommendations of the CDC and the State of Ohio and Lake Erie College, we do require competitors, visitors and show employees to wear face masks indoors regardless of their personal vaccination status.

We request that everyone observe respectful social distancing practices whenever possible. Wash your hands frequently and avoid crowding situations. Competitors and visitors may wear face masks in the barns and arenas at their own discretion.

The following individuals are not allowed to enter the competition grounds:

- Anyone who exhibits COVID-19 symptoms, including a temperature of 100.4° F (38° C) or higher.
- Anyone who has tested positive for COVID-19 within last 10 days.
- Anyone who has tested positive outside of the past 10 days, but is still symptomatic
- *Anyone who has been exposed to or has been in close contact with someone who has COVID-19 symptoms or has tested positive for COVID-19 within the last 7-10 days (dependent upon certain criteria - refer to current CDC Quarantine Options).
 - *Exception: Healthcare personnel who have treated patients using appropriate medical-grade PPE during the course of performing professional duties and those individuals who are fully vaccinated are exempted from this quarantine restriction.

Once identified, we may engage local medical/public health staff to perform contact tracing and enhance evaluation of confirmed contact, per current CDC guidelines, so we can quickly mitigate any concerns of spread.
