SPRING 2021

\* PREVIOUSLY 899 (3/10)

### Notable Dates

November 24—Final day of the Fall 2020 semester

December 28— Begins the return to athletic teams to campus; Campus wide testing begins

January 4— Return from break, campus wide testing continues

January 18— Campus wide testing concludes

January 19— NCAA Athletic mandated testing continues weekly

### Other Notes

- All positive cases are required to quarantine for 10 full days, with no test out option—release date being the 11th day from the date the positive sample was taken
- *Campus Tests administered may duplicate community members due to NCAA requirements*
- Alternatives to mandated campus testing were quarantine, negative test result from a medical doctor, or a previous positive result
- Surveillance testing began in February with 10% of community total tested bi weekly at random.

Positive test results from testing / Campus tests administered  
 \*Date reflects weekly totals from the start of campus wide testing  
 \*All Cases reflected (active and recovered)

The formula for calculating positivity rate percentage was taken from the CDC website ([www.cdc.gov/coronavirus](http://www.cdc.gov/coronavirus))  

$$\# \text{ of positive tests divided by the total number of resulted reported test results (positive/total) } \times 100\%$$

## Definitions

- Community Total -total number of active employees and enrolled students, confirmed by the number of people receiving the SAFER survey from Healthy Roster
- Active Positives-people in their mandated 10 day quarantine due to a positive test result at the time of the date
- Recovered Positives– people who have served their mandated 10 day quarantine due to a positive test result
- Campus Administered Tests– Tests that were completed for Lake Erie College community members on campus
- With the exception of Chart #1, all positive tests shown are results from campus testing only. Chart #1 reflects all active positives of community members (including testing off campus).
