Drawing will be held during the Parade of Teams.** For the first round the first rider from each team will go first, etc. The order of go for the final round will be determined by the total team faults accumulated during the first round and the team with the greatest number of faults will go first. For the second round, the number of teams may be limited to 8 teams per division, except where ties need to be broken.

## **AWARDS PRESENTATION**

A Formal Awards ceremony will be held on Sunday afternoon following the last ride. The top 3 teams in each division are requested to participate on foot in show attire. The Charles E. Kinney Jumper Style Award will be presented during this time.

## **TIES FOR TEAMS**

In case of equality of faults for first, second, or third place, one Junior or Amateur from each team in the tie (to be chosen by coach) will compete in the jump off. If there is an equality of faults in the jump off, the rider with the best time will win. Riders for all teams in the jump off must be chosen before the first rider in the jump off begins.

## **INDIVIDUAL CHAMPIONSHIPS**

The individual champion will be a Junior or Amateur rider who has accumulated the least number of faults in the two rounds of team competition. In case of ties for first, second, or third place, there will be a jump-off over a shortened course. In the event of equality of faults, time will be the deciding factor. If there is a rider competing for individual championship that is also chosen as the rider to break the tie for the team, the rider will only jump off once. # COVID-19 ACTION PLAN

---

George M. Humphrey Equestrian Center  
8031 Morley Road, Mentor, OH 44060

[lec.edu/equineevents](http://lec.edu/equineevents)

We recognize the huge responsibility that comes with hosting equestrian competitions. We take this responsibility very seriously and are already at work to ensure that our dressage shows can be managed safely and successfully.

We are committed to providing a safe and fun experience for our competitors, especially in consideration of (COVID-19) restrictions.

In conjunction with local, state and federal recommendations and mandates, including those from the World Health Organization (WHO), Centers for Disease Control and Prevention (CDC) and United States Equestrian Federation (USEF), Lake Erie College has implemented the following guidelines and cleaning protocols, in addition to our regular stringent standards, to alleviate the potential impact of COVID-19 and to ensure that our horse shows are smooth, efficient and most importantly, safe for all involved.

Thank you in advance for abiding by these guidelines!

# PLAN OVERVIEW

---

USEF has developed a comprehensive approach to returning to competition with appropriate COVID-19 protocols. We have used these guidelines as the basis for our plan. In addition, we have utilized the WHO Risk Assessment to measure the effectiveness of our planning efforts. With the use of this Risk Assessment, we have determined that we are operating at a low risk level. View the USEF COVID-19 Action Plan [here](#).

- RESPONSE TO POTENTIAL EXPOSURE

## Personal Protective Equipment

**All employees, competitors, and visitors on property will be required to wear a mask at all times while onsite at LEC except when mounted on a horse.**

In accordance with CDC recommendations, it is strongly recommended that a mask be worn anytime a person is outside their home. In accordance with the Ohio Department of Health guidelines, face shields are not permissible. Face masks are required and considered more effective in preventing the spread of viruses.

## SCREENING & MONITORING

**A temperature check is mandatory for everyone prior to admission to the show and temperatures are taken at the main entrance.**

A wristband will be given to each person following the temperature check to show that their temperature has been taken. No one will be allowed to work if any symptoms or fevers exist.

**If you are not feeling well or have any symptoms of illness, please stay home!**

## Entry Process

As practically as possible, we are creating a touchless process for operations that will become our “new normal” as it best protects you. To reduce the risk of COVID-19, we will rely on paperless entry forms, releases, and methods of payment. Forms must be submitted prior to arrival on the showgrounds. Once all forms are received and processed, you will be assigned a competitor number that can be used to enter the event.

All stabling registration must be done digitally through the stabling request at [www.horseshowoffice.com](http://www.horseshowoffice.com). Horses must have confirmed stabling prior to arrival. all ship-ins must have pre-entered to show or be on the showgrounds.

For assistance with the stabling reservation form and online registration process, please contact [gandasushko@hotmail.com](mailto:gandasushko@hotmail.com).

## Horse Show Office

Although the show office will be staffed and extra social distancing will allow for in- person communication without personal contact, there should be little need to enter the office.

**Masks are required to enter the building.**

## Arenas

Only 5 horses and 10 people will be permitted in the main warmup ring at one time. Only 8 horses and 16 people will be permitted in the Inspiration Arena at one time. All people must practice social distancing.

Additional hand sanitizer stations will be placed around in-gates and in the barns.

All spectator areas will either be closed or set up to comply with social distancing requirements.

The judge's booth(s) will be set up to comply with social distancing requirements.

All arenas will have monitors to enforce the guidelines with the authority to eliminate schooling privileges for those who do not follow the rules on Lake Erie College showgrounds and property.

## Stabling

Social distancing will be enforced in the stabling area. Stabling areas will be strictly limited to essential personnel during limited operations. Only competitors and essential staff will be allowed in barn areas. Hand sanitizing stations will be placed at each barn. We ask that competitors regularly sanitize all hard surfaces and equipment including: tack, grooming, feeding, stall cleaning materials, etc.

**Masks are mandatory in all barn areas.**

## BATHROOMS & PUBLIC SPACES

Commonly-touched surfaces like door handles are sanitized frequently during hours of operation. Hand sanitizing stations have been placed throughout the property. All medical personnel at the facility will wear protective gear as required by federal, state and local regulations. Signage with safety guidelines is posted throughout the property as reminders for practicing social distancing and hand sanitizing.

## RESPONSE TO POTENTIAL EXPOSURE

If a participant displays symptoms or otherwise indicates high risk for possible infection, he/she will not be allowed to access the facility and participate in the show. Once identified, we will engage local medical/public health staff to perform contact tracing and enhance evaluation of confirmed contact, per CDC guidelines, so we can quickly mitigate any concerns of spread.

**If you have any concerns about the possibility of infection, you should contact Show Manager Wendy Burt, 773-575-8586.**

Thank you for your  
cooperation and support as  
we work together to ensure  
everyone's safety.
