

State/Territory *KEY

License Title Specific title of license issued by the state/territory.

Note, if a state/territory issues a required time-limited license for purposes of gaining supervised experience after graduating that has different educational requirements, information for this type of license and the next-level license is provided. Curriculum should be compared to all relevant titles/levels in order to determine if a program “meets” educational requirements.

Specialized Accreditation Required? "No" means the Board does not require the program to hold a specialized accreditation for licensure.

"Yes" means the Board does require the program to hold a specialized accreditation for licensure.

"N/A" means the state or territory does not offer a license.

Specialized Accreditation Accepted as Meeting Educational Requirements? "Yes" means there is language in statute or rule that a program that holds specialized accreditation meets some or all education requirements.

"No" means Board does not indicate that specialized accreditation meets all educational requirements.

"N/A" means state/territory does not offer a license.

Curriculum Comparison Needed? “Yes” means a comparison of the program to specific state standards/coursework/supervised experience listed is needed to determine if the program meets educational requirements for licensure.

"No" means a program does not need to compare their program to specific state/territory educational requirements. In most instances, the Board/Agency is relying on specialized accreditation or approval, license applicants holding certification, or license applicants meeting examination requirements.

"N/A" means the state or territory does not offer a license.

Note, each licensing board will still evaluate each individual graduate's application at the time they apply.

Specific Coursework Specific information from statute, rule, application, or website is copied that includes state/territory requirement of certain courses or other educational requirements to be completed as part of the program. Licensing board/agency will review the graduate's transcript to determine if educational requirements were completed.

"N/A" means the state or territory does not offer a license.

Note, if references to other sections of statutes/regulations are listed, The Bookmark includes all relevant information required for curriculum comparison here. In other words, programs do not need to complete further research into statutes/regulations to determine comparison requirements.

Supervised Experience (In-Program) Information is provided about any required practicum, internship, or supervised clinical experiences required to be completed as part of the program.

“N/A” means the state/territory does not issue a license.

Member of Compact or Reciprocity Agreement? "Yes" means the state/territory has adopted one or more relevant licensure compacts or interstate reciprocity agreements. The state/territory is a member of the compact or reciprocity agreement.

“Pending” means the compact or interstate reciprocity agreement is not yet enacted (does not have enough states/territories as members yet), but the state/territory is a member.

“No” means the state/territory is not a member of a relevant licensure compact or interstate reciprocity agreement.

“None found” means no relevant national licensure compact or interstate reciprocity agreement exists for this profession or occupation.

Board/Agency Name Licensing board or agency name

Board/Agency Website

Statute/Regulation/Rule Citation Citation to the relevant section(s) of state statutes, regulations or rules.

Must Out-of-State Program Graduate Hold License to Qualify? "Yes" means the state/territory requires a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

“No” means the state/territory does not require a license applicant who graduated from a program based in another state/territory to hold that state/territory license to meet educational requirements for initial, first-time license.

“N/A” means the state/territory does not issue a license.

Must License Applicant Hold Private Certification? "Yes" means the state/territory requires a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

“No” means the state/territory does not require a license applicant to hold a certification issued by a private (non-governmental) organization to meet educational requirements for initial, first-time license.

“N/A” means the state/territory does not issue a license.

Additional Training (Not Required In-Program) Training, continuing education or other requirements for initial licensure are listed here. These DO NOT need to be completed as part of the program to meet educational requirements for licensure.

Experience (After Graduating/Outside of Program) Experience required for initial licensure. This could be supervised work experience

after graduating, experience accrued outside of the program, or specific prior work experience. This DOES NOT (and in most cases, cannot) need to be completed as part of the program to meet educational requirements for licensure.

Exam(s) Required Any exams required for the type of license.

"None found" means that the state/territory does not specify an exam for that particular license.

"N/A" means the state/territory does not offer a license.

Notes --Educational requirements are provided for the recent graduate of a program of a regionally accredited college or university in the U.S. who is, or will be, applying for their first license or certification (typically by exam).

--Some states have additional levels of license/certification or additional scope of practice available if specific coursework, training, or work experience is completed. The Bookmark only captures the first level of license/certification (unless otherwise indicated).

--Some license types have multiple pathways to qualify. The Bookmark includes information through the lens of a program offered at a regionally accredited college or university, and does not include all of the possible ways that an individual may qualify for the license.

--Terminology is inconsistent across states/territories for most license types. Certification, license, credential, endorsement and certificate are all used to describe the legally required permission by a state/territory to practice a particular profession or occupation. The Bookmark uses license and certification to refer to all of these. The exact title is provided for each state/territory.

License Title Professional Educator Certificate, English For Speakers of Other Languages (ESOL) (P-12)

Specialized Accreditation Required? No

Specialized Accreditation Accepted as Meeting Educational Requirements? No

Curriculum Comparison Needed? No

Specific Coursework Available as a Class A license only; therefore, applicants must complete a Master's degree. Out-of-state approved teacher preparation program graduates who hold license/certificate from state/territory where program is approved meet educational requirements.

(1) Overview. An individual who holds a valid professional educator certificate issued by another state, the District of Columbia, a U.S. Territory, or the Department of Defense Education Activity (henceforth in this Rule referred to as "another state") may seek an Alabama Professional Educator Certificate or Professional Leadership Certificate. This approach is commonly referred to as Certificate Reciprocity.

(2) Limitations on Issuance.

(a) An individual may be eligible for Alabama certification only if the professional educator certificate issued by another state is in an area, at a grade level, and at degree level in which Alabama offers comparable certification.

Ala. Admin. Code 290-3-2-.20

For applicants who completed a Master's degree and are seeking the Masters-degree level on their AL license (i.e. Class A):

(e) The completion of a graduate-level (master's degree level or higher) state-approved P-12 educator preparation program may be verified on Form VER for consideration of advancing the degree level of the Alabama certificate offered to an applicant whose valid professional educator certificate issued by another state reflects an area of comparable certification, but does not reflect a degree level.

1. The program must require at least 30 semester hours of graduate credit and the transcript must post a major in the teaching field at the degree level of the program. However, if by institutional policy a major in the teaching field is not posted, verification of having earned at least 12 semester hours of graduate credit in the teaching field is required. The 12 semester hours of graduate credit may not include credit for internship, practicum, student teaching, or lab experiences. This credit must have been earned prior to the date of program completion and must not have been applied to the prior issuance of an Alabama certificate in any area.

An applicant who completed a teacher education program in another state and who possesses a valid professional certificate in that state may be granted a Missouri certificate in an area most closely aligned to the certification if Missouri issues such certificate. If an educator is completing or has completed a teacher education program in another state (either on campus or online), it would be beneficial to obtain that state's certificate whether one plans to reside in that state or not. In most cases, a Missouri certificate is issued with no further coursework or test requirements. If an area of certification is not equivalent, an educator may be evaluated based upon Missouri's current requirements for the most closely aligned certificate.

Q: How do I get a ND teaching license if I earned a degree in education outside of ND?

A: We encourage anyone who completed teaching degree outside of ND to get a teaching license in the state where your degree was earned. This would enable you to then apply for an Other State Educator License (OSEL) and not have to meet ND standards (as you met the standards in the state the degree was earned.) If you are not able to get a teaching license in the state your degree was earned, then you will need to apply for an Out of State Reciprocal License and you will need to meet ND standards. A license can be issued and you could have up to 4 years to meet ND requirements. .

After completing this course please submit a letter from the school district documenting the professional development or an unofficial transcript from UND.

Courses which demonstrate knowledge of the U.S. Constitution must cover U.S. History prior to 1865 and include the study of the Constitution. Political Science courses may be counted if the coursework included study of the Constitution. If there are questions about the content of the curriculum, PTSB may require an applicant to submit course descriptions. Graduates from a Wyoming Community College or the University of Wyoming have completed this coursework, however must have passed the course with a "C" or higher.

When submitting your application packet, please highlight the courses which meet the requirements of constitutional study on your official college transcript.

Demonstration of Knowledge through Examination

If you have not completed coursework to meet the requirement of the U.S. and Wyoming Constitution Study, you may demonstrate knowledge through an exam. PTSB has created two multiple-choice exams (20 questions each), which may be taken at any Wyoming school district administration office, or you may request to have our digital exams sent to you via email. To obtain the exams(s) digitally through PTSB, please send an email to wyoptsb@wyo.gov, and be sure to include which exam(s) you will need to take in your email request. Please note that the digital exams are scored automatically. If you do not pass the exam(s), you will need to send another request to wyoptsb@wyo.gov. Please see the links to the study guides below.
