EXECUTIVE DIRECTOR FOR STUDENT AFFAIRS / CHAIR OF EMERGENCY RESPONSE TEAM

IN COLLABORATION WITH DR. BRYAN DEPOY
SENIOR VICE PRESIDENT FOR ACADEMIC AFFAIRS AND INSTITUTIONAL EFFECTIVENESS

LAST UPDATED JUNE 1, 2021
WWW.LEC.EDU

LAKE ERIE COLLEGE MISSION STATEMENT

Lake Erie College provides an excellent, inclusive, and highly personalized education grounded in the liberal arts tradition. Guided by hope and care, our students are empowered to lead lives of personal significance and professional success as global citizens.

PURPOSE OF REENVISION LEC

To provide a way for our campus community to gather in a safe, supportive and flexible way by re envisioning our shared spaces, to include: instruction, learning, working and living. Modifications to our previous ways are necessary in moving forward in this new era. We are committed to remaining flexible and nimble in our thinking, while continuing to be a College guided by an ethic of hope and care.

COVID-19 SCREENING AND SYMPTOM TRACKING

SAFER Survey by Healthy Roster is no longer required. All community members should limit their time with others if they are feeling unwell or have been exposed/deemed contagious by a medical professional. Please be patient, as it may take a few days for the link to stop coming to electronic devices.

ACADEMIC COURSES

SU 21– All courses are online offerings only

FA 21– All courses will return to in person offerings with a 3 foot social distancing protocol to help ease the transition of students back to the classroom.

BREAK PERIODS

All community members are encouraged to travel safely over break periods, taking special care for individual health and wellness.

CLASSROOMS AND INSTRUCTIONAL SPACES

Classrooms will be set up to allow a 3 foot social distancing of seating to help ease the transitions of students and employees to in person learning. Rooms will still be equipped with technology to assist in the overall academic success of each student.

CLEANING SERVICES

Areas will be cleaned once a day to reflect a normal schedule. To request cleaning products for your own office space, or to report any needed refill or maintenance concerns, please use this link here: <https://pplant.lec.edu/helpdesk/WebObjects/Helpdesk.woa> Residential students should continue to use the housingmaintenance@lec.edu email to report refills or maintenance concerns.

FACIAL BARRIERS

Face masks and coverings are no longer required on campus, however all are encouraged to have one on your person in the event that someone requests the wearing of a mask when entering their personal space (office, class room, etc). Those who are not vaccinated should follow any state or local mandates. Those who prefer to wear face masks are also welcome to do so.

FOOD SERVICE

Dickinson Dining Hall will be open for limited hours in the summer and return to regular hours for the fall semester. Metz will be following all food service health requirements regarding COVID-19.

HOUSING

Campus housing will remain open unless otherwise directed by the Lake County Health Department or other state officials. Students who plan to stay in their campus space over break periods are required to sign up with housing@lec.edu for security purposes.

Move-ins for Fall 2021 will be offered through the Office of Residence Life & Housing. Residential students should follow all housing protocols and procedures listed in the Student Handbook including guest policy, personal belongings and other suggestions for successful living.

QUARANTINE

The Office of Residence Life and housing will have a space available for a known positive test for COVID-19. Positive test for any community member will require a doctor's note or documentation to align with normal protocol for contagious disease. Students will need to work with individual faculty members regarding missed class time if they are required for medical professionals to be in quarantine.

VACCINATIONS

The College will not be requiring vaccination of individuals at this time, however it is highly encouraged for anyone in our community. All those not being vaccinated assume the personal risk and should consult with primary care doctors or familiarize themselves with CDC recommendations. Vaccination and booster clinics will be available on campus this summer and in the fall semester for community members and their families who are interested.

Proof of vaccination is required for residential students for the FA 2021 semester and has been added to the required immunization forms. Individuals are permitted to sign an immunization waiver if not vaccinated upon date of move-in.

VISITORS & VENDORS

Visitors will continually be welcome to campus. Larger groups may be asked to do a visitors log ensuring the wellness of each individual. Those individual offices or areas that invite a guest to campus should check before arrival that the person(s) is not feeling ill or has not been around any positive COVID-19 case.

RE ENVISION LEC NEXT STEPS

The Lake Erie College ReEnvision Plan is reviewed and updated frequently to reflect up to date policies and procedures. Please contact Kim Robare (krobare@lec.edu) for previous versions of this document or visit the COVID-19 Policies page on LEO. Lake Erie College will continue to closely monitor the transition and is prepared to adjust the plan as needed out of the well-being for our students, employees and community. We will also continue to be responsive to state and local guidance and direction as provided by the Governor; Ohio Department of Health and Lake County Health Department.
