

Reimagine Government Experiences

At the core of every government process are documents, forms and contracts that need to be prepared, signed and managed. DocuSign solutions give government agencies the tools they need to securely digitize and streamline document creation and workflow management.

As a result, services are easy to access and processes run smoothly, creating better experiences for everyone.

Enhance workforce efficiencies

Increase employee productivity and accelerate service delivery with standardized digital workflows that support a hybrid workforce.

Deliver better experiences

Give constituents the ability to securely apply for government services and benefits, anytime, anywhere using self-serve, mobile-friendly, digital tools.

Digitally transform workflows

Achieve faster outcomes by seamlessly integrating DocuSign with existing technology investments.

Compliance and security

DocuSign eSignature and DocuSign CLM are authorized at the FedRAMP level and have been granted a provisional DoD IL4 authorization.

Trusted solutions that modernize processes

DocuSign for Government lets public servants focus on their mission instead of paperwork. It brings together a comprehensive set of applications and integrations to help government agencies deliver a better citizen experience, reduce costs and streamline processes.

eSignature

Securely capture digital signatures for both internal and constituent-facing processes while maintaining a complete audit trail on each document.

DocuSign CLM

Centrally create and manage documents across the agreement lifecycle before and after the signature.

Web Forms

Meet constituents where they are at with a digital-first, self-serve experience to capture information and signatures and streamline data collection.

Notary

Sign and notarize documents remotely and electronically via a secure audio-visual session.

Monitor

Guard your critical agreements with early detection of suspicious user activity and events. Monitor uses advanced analytics to track eSignature web, mobile and API account activity across the agency.

Identify

Secure access to agreements with a single platform that provides digital signer authentication and identification through enhanced methods.

Integrations

400+ pre-built integrations with the leading platforms where government work is done, including Salesforce, ServiceNow, Pega, Microsoft, Oracle, Appian, Workday, SAP and many more.
