Amendments and updates to certain information in the Base Prospectus

The Base Prospectus is amended and supplemented as follows:

1. Amendment to the section entitled "*Risk Factors*" in the Base Prospectus

The information in the section entitled "*Risk Factors*" is amended and supplemented by inserting the following new risk factor 1.7 (*Considerations relating to Securities Whose Issue Terms Indicate an Amount Equal to the Net Proceeds Will be Allocated to Respond to Environmental, Social and/or Sustainability Issues*) in the section entitled "*Risk Factors*" immediately after risk factor 1.6 (*Certain considerations relating to public offers of the Securities*) on page 44 of the Original Base Prospectus:

"Considerations Relating to Securities Whose Issue Terms Indicate an Amount Equal to the Net Proceeds Will be Allocated to Respond to Environmental, Social and/or Sustainability Issues

The use of proceeds of the Securities may not be suitable for all investors and may not meet investor expectations.

If so indicated in the applicable Issue Terms of an issue of the Securities, we intend to apply an amount equal to the net proceeds from such offering towards financing or refinancing investments made or held by any Goldman Sachs Group member that respond to critical environmental, social and/or sustainability issues, as further specified in such Issue Terms. The cash proceeds from any such offering will not be segregated from our other funds, and we are under no obligation to use the specific cash proceeds from any such offering to finance or refinance such investments as described in the applicable Issue Terms. Furthermore, we will have significant flexibility in allocating the net proceeds from such Securities, including determining in our discretion what constitutes an eligible investment as defined in the applicable Issue Terms for such Securities, whether to apply proceeds against new such eligible investments or those already made by us before the issue date, and whether to re-allocate net proceeds away from eligible investments when such investments mature or are divested.

No assurances can be provided by us or any underwriter, dealer or agent that the use of proceeds from any such Securities, nor the expected or actual sustainable impact of such investments, will satisfy any present or future investor expectations or requirements regarding sustainability performance. Furthermore, no assurance is given that any such Securities will satisfy, in whole or in part, any present or future taxonomies, standards and/or other regulatory or index inclusion criteria or voluntary guidelines with which such investor or its investments may be expected to comply.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification (whether or not solicited by us) made available in connection with any such Securities. No such opinion or certification is, nor should it be deemed to be, a recommendation by us, any underwriter, dealer or agent or any other person to buy, sell or hold the Securities. No such opinion or certification is, nor shall it be deemed to be, incorporated into this prospectus supplement or the accompanying prospectus.

Any failure in applying an amount equal to the net proceeds from any Tranche of Securities to eligible investments as defined in the applicable Issue Terms of such Securities, failure of those investments to achieve the expected outcomes, and/or change or withdrawal of any third party certification or opinion may have a material adverse effect on the value of such Securities and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities identified as sustainable. In addition, other investments we make or other aspects of our business may be criticized by activist groups or other stakeholders focused on sustainability issues, which could have a negative effect on the value of such Securities.

Delay or failure to allocate or manage the proceeds from any such Securities or to meet any reporting schedule as described in such Securities' applicable Issue Terms shall not constitute an event of default

under such Securities."
